## MEASURE A AND MEASURE W PEDESTRIAN AND BICYCLE PROGRAM CALL FOR PROJECTS CYCLE 5

### TOWN OF PORTOLA VALLEY ALPINE RD & GOLDEN OAKS DR PEDESTRIAN CROSSING PROJECT

The current site conditions consist of a 75' marked crosswalk on Alpine Road at Golden Oaks Drive due to an active left turn lane. The curve of the roadway currently creates pedestrian visibility issues and makes the long crossing uncomfortable for all users. The Alpine Hills neighborhood on the north side and the very popular Alpine Swim and Tennis Club is on the south side make this crossing widely used by residents, school children, transit users, and recreational hikers and bikers.

The proposed project is an installation of a Rectangular Rapid Flashing Beacon (RRFB) system and associated pavement markings, signage, and electrical conduit at the existing crosswalk on Alpine at Golden Oaks Drive. Improvements to this crosswalk will address safety concerns that have been raised by the community about this intersection since 2014 and as documented in the Towns Pedestrian Safety Study by its Traffic Engineering consultant.
