The Honorable Charles E. Schumer
United State Senate
322 Hart Senate Office Building
Washington, D.C. 20510

Dear Leader Schumer:

On behalf of the San Mateo County Transit District (SamTrans) and the San Mateo County Transportation Authority (TA), I write to thank you for your tireless efforts and support of transportation and infrastructure funding included in the Infrastructure Investment and Jobs Act.

This legislation is a historic investment in our nation's core infrastructure priorities – including critical road, bridge and rail projects similar to the ones supported and funded by the TA. This legislation will also support clean transit infrastructure, help mitigate climate change impacts and lead to the creation of thousands of jobs. We applaud the efforts that you have taken to ensure that our region's transportation system continues to receive the proper attention and necessary funding.

SamTrans is in the process of converting to a fully Zero Emission Bus (ZEB) fleet by 2038 - a goal adopted by the San Mateo County Transit District Board of Directors, ahead of the California Air Resource Board (CARB) mandate to convert by 2040. This bill offers a means of funding that ambitious goal.

The first all-electric route that SamTrans plans to launch will connect East Palo Alto, several major employers along the US-101 corridor, San Francisco International Airport, and the BART system at the San Bruno Station. We are hopeful that this historic infrastructure package will help us complete this project as well as the rest of the full fleet conversion, bringing us closer to cleaner, greener bus service that is vital in the fight against climate change.

I applaud you for your continued support of public transportation that is so fundamental to the vitality and health of our region, the state, and the entire country. Please contact Government and Community Affairs Manager Jessica Epstein at epsteinj@samtrans.com if you have any questions or need additional information.

Sincerely,
