Let's do everything we can so our beautiful Santa Cruz Mountain roads are safe for all - cyclists, motorists, and pedestrians. Thank you for your attention to this important matter that affects everyone in our community.

I live in Menlo Park — I'm one of your constituents.

SAFE-CORRIDOR PETITION — Highways 35, 84 and 9 _____

To everyone with the power to make these roads safe: The federal crash record counts 47 people killed on Highways 35, 84 and 9 in five years — most in a single, predictable pattern of speed and curve. This can be engineered out. I'm asking you to formally designate a safety corridor, fund and construct the complete-streets improvements these highways require, comply with SB 960, and fund real enforcement in the meantime. Below are the specific fixes I stand behind and the decision-makers I'm calling on.

SPECIFIC FIXES THIS CORRIDOR NEEDS:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died:

<https://gcc02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fsafecorridorinitiative.com%2F%23ideas&data=05%7C02%7Cpubliccomment%40smcta.com%7Cbdbf0db41a274878c35808deeead30c4%7C1a34d2f711e24a45b4cd47cee%7C0%7C0%7C639210624952508026%7CUnknown%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiIwLjAuMDAwMCIiIAiOiJXaW4zMilslkFOljoitWFBpCisldUljoyfQ%3D%3D%7C60000%7C%7C%7C&sdata=EKji0cS%2B5I9n1Zck2qRjAFFySfnKK7MRsJiFaRqRG1A%3D&reserved=0>

This is preventable — I'm asking you to prevent it.

With urgency,

Mark Mendoza — Menlo Park

Subject: 47 dead on Hwy 35/84/9 — petition for a safety corridor

You don't often get email from eljamoquio@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I've been hit by drivers three times, once intentionally, with many other intentional and unintentional close calls. I'm sick of it and want to see action taken.

Writing as your constituent in Los Gatos.

SAFE-CORRIDOR PETITION — Highways 35, 84 and 9

To our representatives and the agencies that own Highways 35, 84 and 9: Forty-seven people are dead on this corridor in the last five years of federal data — killed, mostly, by the same combination of a long straight and a sharp curve. I refuse to treat that as normal. Please designate a safety corridor, fund and build the complete-streets fixes these roads need, comply with SB 960, and put real enforcement on this corridor now. The fixes I support and the people I'm asking to act are below.

WHAT I'M ASKING YOU TO FUND AND BUILD:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died: <https://safecorridorinitiative.com#ideas>

Please tell me what your office will do about it.

Signed,
Matthew — Los Gatos

Writing as your constituent in Portola Valley.

SAFE-CORRIDOR PETITION — Highways 35, 84 and 9

—

To the officials and agencies accountable for these roads: In five years of federal records, Highways 35, 84 and 9 have taken 47 lives — the crashes cluster at the same bends, where speed built on a straightaway meets a curve. I'm one of many neighbors asking

you to act: designate a safety corridor, fund and build the complete-streets fixes, comply with SB 960, and bring real enforcement to this corridor now. My supported fixes and the officials I'm addressing follow below.

SPECIFIC FIXES THIS CORRIDOR NEEDS:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died: <https://safecorridorinitiative.com#ideas>

Please tell me what your office will do about it.

—
Respectfully,
Lovinda Beal — Portola Valley

Subject: Your constituents are dying on Hwy 35, 84 and 9

[You don't often get email from mfassett@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Roads aren't just for cars. Let's allow our cycling neighbors to enjoy safe streets please.

I am a constituent, writing from redwood city.

PETITION — Safe Corridor for Highways 35, 84 and 9 —————

To everyone with the power to make these roads safe: The federal crash record counts 47 people killed on Highways 35, 84 and 9 in five years — most in a single, predictable pattern of speed and curve. This can be engineered out. I'm asking you to formally designate a safety corridor, fund and construct the complete-streets improvements these highways require, comply with SB 960, and fund real enforcement in the meantime. Below are the specific fixes I stand behind and the decision-makers I'm calling on.

WHAT I'M ASKING YOU TO FUND AND BUILD:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died:

<https://gcc02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fsafecorridorinitiative.com%2F%23ideas&data=05%7C02%7Cpubliccomment%40smcta.com%7C86f4cf40d7f64df7831808deeeb0f55d%7C1a34d2f711e24a45b4cd47ceeb1d21be%7C0%7C0%7C639210641163875022%7CUnknown%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiIwLjAuMDAwMCIsIlAiOiJXaW4zMtIsIkFOljoitWFpbCIsIldUljoyfQ%3D%3D%7C60000%7C%7C%7C&sdata=gvWpTOsAG3dSVGWLz k3zn8jYH%2BOz6awzanyXDpZhMXE%3D&reserved=0>

This is preventable — I'm asking you to prevent it.

With urgency,
mark fassett — redwood city

Skyline serves as the backbone for some of the most beautiful scenery in the Bay Area. We deserve safe and calm ways to access the area.

I vote in Mountain View, and this corridor is mine too.

A CONSTITUENT PETITION — Highways 35, 84 and 9

—
To our elected leaders and the agencies that own these roads: Highways 35, 84, and 9 through the Santa Cruz Mountains have killed 47 people in the last five years of federal records — most in the same way, too much speed built on a straight and spent at the next

curve. We, the undersigned, ask you to formally designate a safety corridor, fund and build the complete-streets fixes these roads need, comply with SB 960, and put real enforcement on this corridor now. Below are the specific fixes we support and the people we're asking to act.

THE SPECIFIC FIXES I SUPPORT:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died: <https://safecorridorinitiative.com#ideas>

Please don't wait for the next death to act.

—
Respectfully,
Reilly — Mountain View

Subject: Petition from San Jose: make Hwy 35, 84 & 9 a safety corridor

You don't often get email from lisa@ruders.org. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I cycle all the roads mentioned in this corridor. They are beautiful and allow people to improve their fitness while enjoying nature and this beautiful area we are lucky enough to call home. And we pay dearly for it in home prices and taxes. We shouldn't be paying for it with our lives. These roads can be and should be improved for drivers, hikers, cyclists, and equestrians. This needs to be fast tracked to save lives!

I am a constituent, writing from San Jose.

—

To the officials and agencies accountable for these roads: In five years of federal records, Highways 35, 84 and 9 have taken 47 lives — the crashes cluster at the same bends, where speed built on a straightaway meets a curve. I'm one of many neighbors asking you to act: designate a safety corridor, fund and build the complete-streets fixes, comply with SB 960, and bring real enforcement to this corridor now. My supported fixes and the officials I'm addressing follow below.

THE FIXES I'M STANDING BEHIND:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died: <https://safecorridorinitiative.com#ideas>

This is preventable — I'm asking you to prevent it.

—

With urgency,
Elizabeth Ruder — San Jose

Subject: Don't let another person die on Hwy 35, 84 or 9

You don't often get email from alandwoo@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I frequently bicycle on these same popular routes and have seen more and more careless drivers breaking the law and endangering innocent people. Skyline speeds and passing in the opposite lane, donut tire tracks on Kings Mountain Road, drifting on Page Mill downhill, and time trialing on 9 to name a few. Something needs to be done about these dangerous activities leading to unnecessary deaths.

I am a constituent, writing from Belmont.

PETITION FOR A SAFE CORRIDOR — Hwy 35, 84 and 9

To the officials and agencies accountable for these roads: In five years of federal records, Highways 35, 84 and 9 have taken 47 lives — the crashes cluster at the same bends, where speed built on a straightaway meets a curve. Subject: Adding my name: a safe corridor for Hwy 35, 84 and 9

You don't often get email from marlonmltang@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

As a cyclist with a wife and two children, I would never want my family to receive a call from the county sheriff notifying them that I had been senselessly killed by someone recklessly driving over the speed limit and losing control. The deaths and injuries caused have more than just an emotional toll, there is an economic toll in dealing with this that also needs to be factored in. Please act now before another death or injury occurs.

I am a constituent, writing from San Mateo.

—

To our representatives and the agencies that own Highways 35, 84 and 9: Forty-seven people are dead on this corridor in the last five years of federal data — killed, mostly, by the same combination of a long straight and a sharp curve. I refuse to treat that as normal. Please designate a safety corridor, fund and build the complete-streets fixes these roads need, comply with SB 960, and put real enforcement on this corridor now. The fixes I support and the people I'm asking to act are below.

SPECIFIC FIXES THIS CORRIDOR NEEDS:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died: <https://safecorridorinitiative.com#ideas>

Please tell me what your office will do about it.

—

With urgency,
Marlon Tang — San Mateo

I bike this corridor. Or used to. Now it's too dangerous.

I vote in Mountain View, and this corridor is mine too.

PETITION — Safe Corridor for Highways 35, 84 and 9

—
To our elected leaders and the agencies that own these roads: Highways 35, 84, and 9

through the Santa Cruz Mountains have killed 47 people in the last five years of federal records — most in the same way, too much speed built on a straight and spent at the next curve. We, the undersigned, ask you to formally designate a safety corridor, fund and build the complete-streets fixes these roads need, comply with SB 960, and put real enforcement on this corridor now. Below are the specific fixes we support and the people we're asking to act.

THE SPECIFIC FIXES I SUPPORT:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died: <https://safecorridorinitiative.com#ideas>

Please don't wait for the next death to act.

Signed,
Kyle Chrzanowski — Mountain View

Subject: Petition from Los Altos: make Hwy 35, 84 & 9 a safety corridor

You don't often get email from pollys@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I'm an experienced cyclist who has been riding for 50+ years. I ride this corridor on my bike every weekend day. It's beautiful, quiet and rural, and should be kept that way. Last weekend I was riding down West 84 when a Corvette, tired of waiting to pass, passed on a blind corner and almost collided head on with a car traveling east. This is an every day occurrence, and it's terrifying if you're on a bike. I love cycling, I love this area, but I don't want to die doing the thing I love. Please do something to turn this into a safer road for the benefit of all of us who are fortunate enough to live in this beautiful area.

I vote in Los Altos, and this corridor is mine too.

PETITION FOR A SAFE CORRIDOR — Hwy 35, 84 and 9

—

To everyone with the power to make these roads safe: The federal crash record counts 47 people killed on Highways 35, 84 and 9 in five years — most in a single, predictable pattern of speed and curve. This can be engineered out. I'm asking you to formally designate a safety corridor, fund and construct the complete-streets improvements these highways require, comply with SB 960, and fund real enforcement in the meantime. Below are the specific fixes I stand behind and the decision-makers I'm calling on.

WHAT I'M ASKING YOU TO FUND AND BUILD:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died: <https://safecorridorinitiative.com#ideas>

This is preventable — I'm asking you to prevent it.

—

In earnest,
Polly Siegel — Los Altos
safestreets@askpolly.com

Subject: 47 dead on Hwy 35/84/9 — petition for a safety corridor

[You don't often get email from alexzeitschel@icloud.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

My friend Jakub was killed there. More will follow if nothing is done. Please help to fix the problem.

I vote in San Carlos, and this corridor is mine too.

PETITION — Safe Corridor for Highways 35, 84 and 9 —————

To the officials and agencies accountable for these roads: In five years of federal records, Highways 35, 84 and 9 have taken 47 lives — the crashes cluster at the same bends, where speed built on a straightaway meets a curve. I'm one of many neighbors asking you to act: designate a safety corridor, fund and build the complete-streets fixes, comply with SB 960, and bring real enforcement to this corridor now. My supported fixes and the officials I'm addressing follow below.

WHAT I'M ASKING YOU TO FUND AND BUILD:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died:
<https://gcc02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fsafecorridorinitiative.com%2F%23ideas&data=05%7C02%7Cpubliccomment%40smcta.com%7C0e05fedc20db4dea698908deeeb6ba6e%7C1a34d2f711e24a45b4cd47cee b1d21be%7C0%7C0%7C639210665912624268%7CUnknown%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiIwLjAuMDAwMCIslIAiOiJXaW4zMilslkFOljoitWFpbCIsIldUljoyfQ%3D%3D%7C60000%7C%7C%7C&sdata=gV2ROVF%2FgaQ7mwAZhnJyLHfL31rldnuNx6U3vLCUbl%3D&reserved=0>

This is preventable — I'm asking you to prevent it.

Subject: Don't let another person die on Hwy 35, 84 or 9

[You don't often get email from ciencisa@icloud.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I regularly bike these roads. I also regularly drive on them. I would really appreciate for them to become safer for everybody. There is no reason that an area so beautiful and with so much to offer should become a deadly trap for the unlucky that happens to be at the wrong place when a speeding driver loses control. It will take reducing speed to make these roads safer.

I vote in Sunnyvale, and this corridor is mine too.

PETITION — Safe Corridor for Highways 35, 84 and 9 —————

To the leaders and agencies responsible for Highways 35, 84 and 9: Over the last five years of federal records, 47 people have died on these three mountain roads — again and again in the same way, speed built on a straightaway and lost at the following curve. I'm adding my name to a simple demand: designate this a safety corridor, fund and build the

complete-streets fixes the road needs, meet your obligations under SB 960, and put real enforcement out here now. The fixes I support and the officials I'm asking to act are listed below.

THE FIXES I'M STANDING BEHIND:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died:

<https://gcc02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fsafecorridorinitiative.com%2F%23ideas&data=05%7C02%7Cpubliccomment%40smcta.com%7Ce5223029a796454b4c5208deeeb87116%7C1a34d2f711e24a45b4cd47cee b1d21be%7C0%7C0%7C639210673303998500%7CUnknown%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiIlwLjAuMDAwMCIslIAiOiJXaW4zMilslkFOljoiTWFpbCIsIldUljoyfQ%3D%3D%7C60000%7C%7C%7C&sdata=RHJCNGKMdOhFbYfIQkNY5RSnNEXqjrxjmshgcogDRRY%3D&reserved=0>

Please tell me what your office will do about it.

Respectfully,
Isabel Echeverria — Sunnyvale

The ongoing death toll is shocking. I always knew that being on these roads carried hazard but did not realize HOW dangerous. It is time we make changes

I am a constituent, writing from Menlo Park.

PETITION TO MAKE HIGHWAYS 35, 84 AND 9 SAFE

To our representatives and the agencies that own Highways 35, 84 and 9: Forty-seven people are dead on this corridor in the last five years of federal data — killed, mostly, by the same combination of a long straight and a sharp curve. I refuse to treat that as normal. Please designate a safety corridor, fund and build the complete-streets fixes these roads need, comply with SB 960, and put real enforcement on this corridor now. The fixes I support and the people I'm asking to act are below.

THE FIXES I'M ASKING FOR:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died: <https://safecorridorinitiative.com#ideas>

Please tell me what your office will do about it.

Thank you,
Tim Rochte — Menlo Park

I ride my bicycle all over the Peninsula and South Bay. It's great to see designated/protected bike lanes in cities that have installed them. I avoid SR-35, CA-84 and SR-9 on weekends precisely because of the speeding motorcycles and cars. These roads don't belong *only* to motorized vehicles, they also belong to the residents who live along them, hikers crossing them between trails, as well as bicyclists. Please lend your support to making them safer for everyone.

I vote in Sunnyvale, and this corridor is mine too.

—

To our elected leaders and the agencies that own these roads: Highways 35, 84, and 9 through the Santa Cruz Mountains have killed 47 people in the last five years of federal records — most in the same way, too much speed built on a straight and spent at the next curve. We, the undersigned, ask you to formally designate a safety corridor, fund and build the complete-streets fixes these roads need, comply with SB 960, and put real enforcement on this corridor now. Below are the specific fixes we support and the people we're asking to act.

THE FIXES I'M ASKING FOR:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died: <https://safecorridorinitiative.com#ideas>

I'll be watching what your office does with this.

SAFE-CORRIDOR PETITION — Highways 35, 84 and 9 —

To the leaders and agencies responsible for Highways 35, 84 and 9: Over the last five years of federal records, 47 people have died on these three mountain roads — again and again in the same way, speed built on a straightaway and lost at the following curve. I'm adding my name to a simple demand: designate this a safety corridor, fund and build the complete-streets fixes the road needs, meet your obligations under SB 960, and put real enforcement out here now. The fixes I support and the officials I'm asking to act are listed below.

THE FIXES I'M ASKING FOR:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died: <https://gcc02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fsafecorridorinitiative.com%2F%23ideas&data=05>

%7C02%7Cpubliccomment%40smcta.com%7C172da3e9ecc9422a2b1508deeeba0642%7C1a34d2f711e24a45b4cd47cee

Subject: Requesting a designated safety corridor on Hwy 35/84/9

[You don't often get email from edcorn@icloud.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

All,

To understand this issue...Go observe. Interact-on these roads. Ideally, on a bike, if you can. Even after riding only a few yards you will learn a lot.

Reducing Maximum Vehicle speed is the obvious solution (since most Law Enforcement allow up to a 10mph buffer) There are sections of HWY 35 which afford the opportunity to reach speeds that nearly double the legal speed limit - easily achieved in a performance sports car. Road geometry modifications, including pavement surface changes should be implemented in these areas. Please consider these suggestions to make travel for all safer.

Thank you,
Edward Cornelius

Writing as your constituent in Redwood City.

PETITION FOR A SAFE CORRIDOR — Hwy 35, 84 and 9

To the officials and agencies accountable for these roads: In five years of federal records, Highways 35, 84 and 9 have taken 47 lives — the crashes cluster at the same bends, where speed built on a straightaway meets a curve. I'm one of many neighbors asking you to act: designate a safety corridor, fund and build the complete-streets fixes, comply with SB 960, and bring real enforcement to this corridor now. My supported fixes and the officials I'm addressing follow below.

THE SPECIFIC FIXES I SUPPORT:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died:

<https://gcc02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fsafecorridorinitiative.com%2F%23ideas&data=05%7C02%7Cpubliccomment%40smcta.com%7Cc9992ba65aab401a79e408deeeba105e%7C1a34d2f711e24a45b4cd47cee%7C639210680249512974%7CUnknown%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiIlwLjAuMDAwMCIslIAiOiJXaW4zMilslkFOljoiTWFpbCIsIlldUljoyfQ%3D%3D%7C60000%7C%7C%7C&sdata=gZS0uAlBvg4VrLKOWhys7AuCUA7Fr%2FcfER1jqTcy38%3D&reserved=0>

Please don't wait for the next death to act.

Signed,

Edward Cornelius — Redwood City

Subject: Adding my name: a safe corridor for Hwy 35, 84 and 9

[You don't often get email from robertmccowan@mac.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

The noise of the racing motorcycles each weekend is maddening The speed limit should be enforced!!

Writing as your constituent in Portola Valley.

PETITION — Safe Corridor for Highways 35, 84 and 9 —————

To our representatives and the agencies that own Highways 35, 84 and 9: Forty-seven people are dead on this corridor in the last five years of federal data — killed, mostly, by the same combination of a long straight and a sharp curve. I refuse to treat that as normal. Please designate a safety corridor, fund and build the complete-streets fixes these roads need, comply with SB 960, and put real enforcement on this corridor now. The fixes I support and the people I'm asking to act are below.

THE SPECIFIC FIXES I SUPPORT:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died:

<https://gcc02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fsafecorridorinitiative.com%2F%23ideas&data=05%7C02%7Cpubliccomment%40smcta.com%7C048f56fd12694f79de2208deeebed956%7C1a34d2f711e24a45b4cd47ceeb1d21be%7C0%7C0%7C639210700763211362%7CUnknown%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiIwLjAuMDAwMCIslIAiOiJXaW4zMilslkFOljoiTWFpbClldUljoyfQ%3D%3D%7C40000%7C%7C%7C&sdata=NEGKS5bbXV8IRCoeFvyolfJQEWfFvBJP%2Fb27bNEeNY%3D&reserved=0>

Please don't wait for the next death to act.

In earnest,
McCowan — Portola Valley

Subject: 47 dead on Hwy 35/84/9 — petition for a safety corridor

[You don't often get email from adam_meyer@apple.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I ride and hike in this area weekly and have cars fly by me regularly at well over 100mph.

My cycling friend who was very close to Jakub Solovsky said to me the other day “you know.... None of my knitting friends have been killed. I’m just so tired of going to these funerals”

I live in Cupertino — I'm one of your constituents.

PETITION FOR A SAFE CORRIDOR — Hwy 35, 84 and 9 —————

To everyone with the power to make these roads safe: The federal crash record counts 47 people killed on Highways 35, 84 and 9 in five years — most in a single, predictable pattern of speed and curve. This can be engineered out. I'm asking

you to formally designate a safety corridor, fund and construct the complete-streets improvements these highways require, comply with SB 960, and fund real enforcement in the meantime. Below are the specific fixes I stand behind and the decision-makers I'm calling on.

SPECIFIC FIXES THIS CORRIDOR NEEDS:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died:

<https://gcc02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fsafecorridorinitiative.com%2F%23ideas&data=05%7C02%7Cpubliccomment%40smcta.com%7Cd0ffb53bb29845cb659408deec0c9ba%7C1a34d2f711e24a45b4cd47ceeb1d21be%7C0%7C0%7C639210709177456930%7CUnknown%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiIwLjAuMDAwMCIsIlAiOiJXaW4zMtIsIkFOljoiTWFpbCIsIldUIjoyfQ%3D%3D%7C60000%7C%7C%7C&sdata=0%2Brf7dvOX3ksa0Trt6XINSON6inwFZ8E%2FyRkdAKk%2Fbs%3D&reserved=0>

Please tell me what your office will do about it.

Respectfully,

Adam Meyer — Cupertino

I've ridden and driven all of these routes, and while these are some of the most beautiful places to be at in person, I've had close calls while riding my bike through them. I've never thought of stopping to ride these routes, but it'd be much better if they were safer.

In earnest,
Mohsen Rezaei — Belmont

Subject: Adding my name: fix the deadly curves on the roads to the coast (35/84/9)

[You don't often get email from thomas.tuchscherer@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I am a road biker who bikes regularly in the Santa Cruz mountains. I am constantly shocked by the number of cars that speed on Skyline on the weekends. There are Ferraris, Porsches, Lamborghinis that race regularly on these roads at speeds over 100mph with complete disregard for safety of cyclists and hikers. In my 20 years of biking on these roads, I have rarely seen police giving speed tickets - I only see them when there is an accident. However I do see police cars giving tickets to cyclist for not stopping at stop signs. Can we please have enforcements of speed limits on a regular basis.

With urgency,
Thomas Tuchscherer — Los Altos Hills

Subject: From MOUNTAIN VIEW: slow the 35-84-9 mountain roads down before the next crash

You don't often get email from randallb@routearrows.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

This is an old issue. Skyline Blvd, Hwy 35 has been a favorite racetrack for both cars and motorcycles, for many decades. I was one of those back in the mid-70's who rode a motorcycle too fast all over the SC mountains. By some grace I survived that phase and found cycling, both on road and in the emerging years of Mountain Biking on the many local trails up there. These mountains and the roads that thread thru them are truly precious and need to be returned to those who obey speed limits and appreciate the peace and tranquility, not the thrill of 100+ miles an hour.

Signed,
Randall — MOUNTAIN VIEW

Subject: Petition: I'm asking you to act on the 35–84–9 mountain roads

You don't often get email from btsmann@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

To the officials and agencies accountable for these roads: In five years of federal records, Highways 35, 84 and 9 have taken 47 lives — the crashes cluster at the same bends, where speed built on a straightaway meets a curve. I'm one of many neighbors asking you to act: designate a safety corridor, fund and build the complete-streets fixes, comply with SB 960, and bring real enforcement to this corridor now. My supported fixes and the officials I'm addressing follow below.

Respectfully,
Barry Mann, MD — Palo Alto
btsmann@pacbell.net

Subject: To your office: a safety corridor for the 35-84-9 mountain roads

[You don't often get email from rustkari@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

As an Avid cyclist and a former member of the Portola Valley Bike and Pedestrian Safety Committee - as well as the founder of the Portola Valley Schools Bike Safety program through San Mateo County schools funding, I believe our roads should be made safe for all who use them, to support healthy lifestyles and an active population. Our roads are not just used by automobiles, but also by thousands and thousands of cyclists, pedestrians, equestrians each year. This section of the Santa Cruz mountains is one of the most populated by cyclists in the entire region, and should have a new design and safety measures in place to support this reality. The time is now - it is urgent before we have more fatalities.

With urgency,
Katherine Rust — PORTOLA VALLEY

Subject: Please act: the 35–84–9 mountain roads need a safety corridor now

You don't often get email from david.robert.cho@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Even though I live in SSF, I'm an avid cyclist and enjoy riding across the entire Bay Area. On July 11, 2026, Jakub Solovsky, 34, was killed on Highway 35 near its junction with Highway 84 in Woodside. A driver traveling north at high speed failed to negotiate the curve, crossed into the southbound lane, and struck him head-on as he rode his bike. He was pronounced dead at the scene. He is not the first cyclist to die at that same intersection — another rider was killed there in August 2025 — and he will not be the last unless something changes.

Over the last five years of federal records, 47 people have died on these three mountain roads. The pattern repeats: speed built on a straightaway, lost at the following curve. This is not a string of isolated tragedies. It is a predictable, documented failure of road design and enforcement, and it is fixable.

I'm adding my name to a simple demand:

1. Designate Highways 35, 84, and 9 through this corridor as an official safety corridor, with the enhanced engineering, signage, and enforcement priority that designation carries.
2. Fund and build the complete-streets fixes this corridor needs — including the specific measures listed below.
3. Meet your obligations under SB 960, which requires Caltrans to set and hit targets for pedestrian, bicycle, and transit safety elements in every SHOPP project on this corridor, not just where it's convenient.
4. Put real, sustained enforcement out here now — not a one-week surge after a death, but consistent, visible speed enforcement on the curves where people keep dying.

Woodside's Town Council has already voted to coordinate with county and state officials on this corridor following Jakub's death. I'm asking each of you, in your respective role over this stretch of road, to treat that coordination as the start of real action, not another study that goes nowhere. Please respond with what you intend to do, and by when.

In earnest,
David Cho
drcho2112@yahoo.com

I ride a bike and also drive on these roads. I've had close calls several times on each modes of transportation. There used to be, and maybe still is, something called a 100 Mile Club on Skyline. If you could average 100 MPH between 2 points you were in the club. People speed up there in cars because they know they can get away with it. Strict enforcement and heavy fines (maybe even jail time) is needed to curb the testosterone.

Signed,
DEBORAH L. ELLIS — Redwood City California

Subject: One more voice: 47 dead in five years on the 35-84-9 mountain roads

You don't often get email from paobw1@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

As a driver and cyclist in the area I would like to see a safer road. Even while hiking in the Russian Ridge area it becomes nerve wracking to hear the speeding cars on Skyline knowing there are usually cyclists on the road.

In earnest,
Patricia O'Brien — Portola Valley

Please address this situation- Designate this a safety corridor, fund and build the complete-streets fix, meet obligations under SB 960, and put real enforcement in to this area. Thank you for your attention to this important safety concern!

Thank you,
Elizabeth Olek — Portola Valley

Subject: From Palo Alto: fund the safety fixes the 35-84-9 mountain roads need

[You don't often get email from dcrommie27@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Jakub Solovsky was killed on his bike on what has now become a deadly bend on Skyline Blvd, about 0.5 miles south of Fogerty Winery, by a speeding motorist at about 11:30 am on Sat July 11, 2026. Jakub's killer spun out of control, crossed the midline of the road and hit Jakub head on. Jakub did not have a chance. The unnamed speeding motorist lived. These speeding motorists flock to Skyline.

Jakub was 34 years old. He was my friend. I rode with him a lot. Jakub was a very experienced and safe bike rider. He was doing everything right. He had the right to be there. We bicyclists have a right to be there. We use Skyline to connect to other mountain roads for recreational bike riding or to commute places. Pedestrians and equestrians have a right to be there. They use it to get to trails. Safe motorists have a right to be there. This reckless speeding driver does not. He was there purposely to speed, to use Skyline as a race track and he did what this activity predictably does, he killed someone. This time it was my friend Jakub. The next time it could be me. There will be a next time until you take action to stop these motorists who are there specifically to speed. The solutions are known. Please take urgent action to implement

these solutions that will make the killing of innocent bicyclists, pedestrians, equestrians, and law abiding motorists by these purposely and deliberately speeding vehicles stop.

Signed,
Deirdre Crommie — Palo Alto

Young people in particular drive too fast here. Let's make it easier for them to slow down by making the road intentionally slower.

Respectfully,

I am an experienced cyclist with thousands of miles under my belt (both nationally and internationally). I've been living in the Bay Area for a decade; in my backyard, I avoid these poorly designed highways. Please enforce speed laws and also fix these roads so that they are safe for cyclists

With urgency,
Elad Horn — Mountain View
eladhorn@gmail.com

I'm one of the signers of the Safe Corridor petition for Highways 35, 84 and 9.

The petition, crash data, map, and every proposed fix: <https://safecorridorinitiative.com>

Subject: One more voice: 47 dead in five years on Skyline, La Honda Rd & Hwy 9

You don't often get email from 6dayrick@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I started a group called "Bicyclean!" in 2020, during the Covid years. I personally cleaned over 300 miles of roads throughout the Santa Cruz mountains, of all debris, including that of car accidents. There is a spot along Highway 9, where I cleaned the debris left by four individual car crashes. It is a spot where the radius of the curve gets smaller the farther into it you get. There is no shoulder there, and any bicyclist or pedestrian in that curve is in danger of being smashed between a car and the near vertical dirt wall. This is just one example of the danger to cyclists and pedestrians on the roads included in this initiative. Thank you for your time and concern!

The illegal and reckless driving on these roads has to stop. Too many cyclists are getting hit. These roads see a LOT of bicycle traffic and their safety must be prioritized.

Thank you,

Subject: Adding my name: safer crossings and real enforcement on the Hwy 35/84/9 corridor — my name is on it

To all who have the power to designate these roads as a safety corridor and create a safe place to travel through and recreate, All the deaths along this area are preventable. Mostly all involve excess speed. I've had so many unnecessary and dangerous experiences while cycling and driving through the area. I truly don't understand how come this well known problem is allowed to continue, unabated, and fully known to those who are charged with maintaining lawful use of these roads and those who choose to make the roads a race course. The problem needs no more deaths to motivate actions to resolve. Seriously, solutions are being offered that can work immediately while more deep-rooted and long-

standing solutions can be developed. Inaction at some level is complicity. Please act now and be part of protecting the local and visiting community who have a right to safely travel all our coastal mountain roadways. Thank you!

Respectfully,
Brian Woods — Santa Cruz

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

As a resident of Woodside residing near the intersection of Highways 84 & 35 for 57 years, I have experienced the increased traffic, racing, road noise, and accidents. This has impacted the enjoyment of my home. I'd like to see speed bumps installed on Highway 84 between Martinez and Highway 35, and on Highway 35, on both the southbound and northbound lanes, along with stop signs on Skyline/35.

With urgency,
Lisa Giarretto — Woodside
Lgiarretto@comcast.net

Subject: From San Mateo: a preventable death toll on Highways 35, 84 and 9

You don't often get email from alan.arobinson@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Dear elected officials, appointees and government employees.

The excessive speeding on Hwy 35 and other Bay Area and California mountain roadways needs to be controlled immediately. My bicycle riding friend Jakub Solovsky (34), was tragically killed by a speeding driver who lost control of their car around a turn. [KTVU TV Report](#)

More deaths will happen without YOUR help. Please do something now.

In earnest,
Alan Robinson — San Mateo

alan.arobinson@gmail.com

I'm one of the signers of the Safe Corridor petition for Highways 35, 84 and 9.

Please support this Petition! I knew Jakub through the Western Wheeler and its just such an incredible loss. I'm out there on my bike a bit scared each time I hear a sports car in the back and do my best to stay out of harm's way, inevitably thinking of the worst case scenario. The numbers here made me cry and also angry as they are so much worse than I ever imagined. Please help us out, this is something you can achieve a lasting impact on our community - Thank You.

My wife, kids and I are all avid cyclists. We love being on our bikes to enjoy our wonderful area and go about daily life through commutes, errands and so on.

We and every single person we know who cycles frequently can recount close calls when their lives could have been derailed. This is particularly acute on Skyline and the major roads going up and down from it.

The roads are for everyone to use responsibly and respectfully. I hope that we can mobilize to put in reasonable measures that still allow motor vehicle operators to enjoy these wonderful roads but in a context where vulnerable cyclists and pedestrians are not unnecessarily out at risk.

Warm regards,
Othman Laraki — Atherton

Subject: A safety corridor for Highways 35, 84 and 9

[You don't often get email from swetha0627@icloud.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

The road can't be dominated by cars alone. It's for all including bikers. Steps ought to be taken to ensure safety for bikers. It's tiresome to see this excess car culture in the USA

Thank you,

Subject: One more voice: fund the safety fixes the Hwy 35/84/9 corridor need — before the next one

You don't often get email from tomadodd@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I live here, have driven these roads regularly for about 50 years and have constantly been appalled at the reckless driving by sports cars and motorcycles and the carnage caused. Deaths on Skyline and 84 are just too common, too frequent, and witnessing blind passing on corners and reckless speed is a weekly issue. Last year had a young man in a BMW racing with friends fly off the curve above my house and total it in an oak tree on this property. The kid was lucky that his demolished car kept him relatively unharmed, and that he didn't collide with a car or bike in the opposite lane. Too many deaths, too many close calls, and it makes me sick.

With urgency,

Tom Dodd — Pescadero

I ride my bike and drive the roads of the Santa Cruz Mountains to access the amazing open spaces our community has access to. When our roads are not designed to protect the most vulnerable users, tragedy is the inevitable result. This corridor needs engineered traffic calming measures to improve the experience of all road users and save lives.

Respectfully,
Isaac Jensen — Santa Cruz

Dear Officials,

As a local cyclist and frequent user of Highways 35, 84, and 9, I strongly support immediate action to improve safety along this corridor.

In the past five years, federal records show 47 lives have been lost on these roads, with crashes repeatedly occurring at the same curves where high speeds from straightaways carry into dangerous bends. This pattern is preventable.

I urge you to designate this corridor as a safety corridor, fund and implement Complete Streets improvements, fully comply with SB 960, and increase meaningful traffic enforcement before more lives are lost.

Thank you for your leadership and commitment to making these roads safer for everyone who uses them.

Sincerely,
James Boos — Palo Alto
james.r.boos@gmail.com

Dear Decision Makers

I've ridden my bike and hiked throughout this corridor, and far too often one thing stands out: the deafening sound of vehicles accelerating at extreme speeds. It's obvious that some drivers are treating these roads like a race course. That behavior has no place on roads shared by cyclists, hikers, equestrians, local residents, and the many responsible drivers who obey the speed limits.

These roads aren't a racetrack. They provide access to some of the most beautiful open spaces in the Bay Area, and everyone should be able to enjoy them without fearing that a speeding vehicle will come

around the next corner and seriously injure or kill someone. I strongly support practical measures that reduce dangerous speeding while preserving safe access for everyone.

Thank you,
Christoph Zorich — Palo Alto
czorich@gmail.com

I'm one of the signers of the Safe Corridor petition for Highways 35, 84 and 9.

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I bicycle up Old La Honda, Kings Mountain, and Page Mill Road regularly, usually on weekends. I particularly try to avoid Highway 35 on weekends because of the recreational speeding cars and motorcycles, though I inevitably need to cross it or ride along some of it in order to complete my routes. That there have been so many deaths of cyclists and pedestrians on this highway as well as Highways 84 and 9 over the years is unconscionable. It's high time to find some cost-effective solutions.

Kind regards,

Samuel Wu — Palo Alto

Bicyclists are defenseless when autos or motorcyclists lose control because of excessive speed. It's not a matter of safe cycling or visibility, it's a matter of happening to be in the path of an out of control vehicle. These fixes could help drastically reduce the number of cyclists killed on these roads.

Thank you,
Michael — Crager

Subject: From Portola Valley: fund the safety fixes Skyline, La Honda Rd & Hwy 9 need

[You don't often get email from nm@fastcycle.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I am 83 years old and still cycling with the greatest pleasure, especially climbing Kings Mt or Old La Honda and proceeding along 35 to Page Mill. The scenery is unsurpassed, the road wide enough for all of us IF folks stay alert, follow the speed limits, respect all of us with the right of way to use this public road. AND the fatality level is unacceptable. I lost one acquaintance a few years ago and another dear friend was badly injured. You can take action; there are remedies. Please support the 44 fixes.

With urgency,
Nancy Meyer — Portola Valley

Subject: Please act: stop the deaths on the 35–84–9 mountain roads — before the next one

[You don't often get email from joel@gartlands.net. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

47 people dead. 1100 injured. In 5 years. In known places.

Unacceptable. Yet very little is done to prevent these deaths & injuries.

To our representatives and the agencies that manage *our* Highways 35, 84 & 9: Please DO *SOMETHING* to make these roads safer.

It is simply incomprehensible that most evenings & weekends there are people driving on these roads at incredibly excessive speeds, risking lives of residents, visitors, pedestrians, cyclists and even equestrians, and yet, very little seems to be done to prevent it, or to make these speeders accountable for their actions. The occasional patrol issuing a few

speeding tickets does not slow people down. We need consistent enforcement (and not with a publicly announced "joint enforcement" for one day every few months), and accountability when they injure or kill other people.

How many people must die or suffer serious injury before our government thinks it is worth doing something about it? IMNSHO, we are long long past that point. If your position allows you to help move solutions forward, DO IT NOW.

Law enforcement, ENFORCE THE LAW. You know folks are there breaking the law, driving well beyond the speed limit, *every* weekend and most evenings. Be there. Cite them. Make them accountable.

Caltrans, FIX YOUR ROADS to make them safer. Designate a safety corridor. Reduce the speed limit. Install whatever calming measures are safe for everyone.

Legislators: MAKE THIS A PRIORITY. Our governmental agencies' actions are decided & funded by you. Make the change.

Joel Gartland — Palo Alto

Subject: Please designate the roads to the coast (35/84/9) a safety corridor

You don't often get email from jonathan1300@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

To the leaders and agencies responsible for Highways 35, 84 and 9: Over the last five years, 854 crashes on these three mountain roads have killed 26 people and hurt or killed 1,106 — again and again in the same way, speed built on a straightaway and lost at the following curve. I'm adding my name to a simple demand: designate this a safety corridor, fund and build the complete-streets fixes the road needs, meet your obligations under SB 960, and put real enforcement out here now. The fixes I support and the officials I'm asking to act are listed below.

Respectfully,
Jonathan Lewis — Palo Alto
jonathan1300@gmail.com

My name is on the Safe Corridor petition for Highways 35, 84 and 9.
The petition and the evidence behind it: <https://safecorridorinitiative.com>

Jonathan

Subject: From Woodside: stop the deaths on the roads to the coast (35/84/9)

You don't often get email from ramyakandasamy7@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I live here and the only thing I don't like about living here is the reckless driving in behavior I see from people. In the short time I've been here I've heard of many accidents and would like to make this a safer community.

Respectfully,
Ramya Kandasamy — Woodside
ramyakandasamy7@gmail.com

I signed the Safe Corridor petition for Highways 35, 84 and 9.

Subject: Adding my name: a safety corridor for Highways 35, 84 and 9 — a constituent request

[You don't often get email from christina.devries@gmail.com. Learn why this is important at
<https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I live on La Honda Road (84). I walk on this road to reach neighbors, the Skywood Trading Post, and Alice's. The speed of the cars is terrifying, and the noise is awful. I'm scared for my husband as well, who is a cyclist on these roads. Please take measures to slow these cars down, and provide safe cycling and pedestrian options.

Respectfully,
Christina Jacqueline DeVries — Woodside
christina.devries@gmail.com

I signed the Safe Corridor petition for Highways 35, 84 and 9.

It's time to do something. Even the current speed limit, in and of itself, is way too fast. After that, speed rules are not enforced. We must do better.

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

To our dedicated public servants and government representatives: I urge you to make the Skylonda Area more safe for everyone involved. It is an area of great beauty and recreational opportunities. Month after month, year after year, the traffic accidents leading to injury and death senselessly increase. It feels frustratingly preventable yet also inevitable given the lack of seriousness taken by those who can make meaningful changes to safety in the area. Please - not another life lost due to poor infrastructure.

In earnest,
Christin New — Woodside
tiramisucake22@yahoo.com

Subject: 47 dead on Hwy 35/84/9 — petition for a safety corridor

You don't often get email from kearns2008@att.net. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

PETITION TO MAKE HIGHWAYS 35, 84 AND 9 SAFE

—

To the officials and agencies accountable for these roads: In five years of federal records, Highways 35, 84 and 9 have taken 47 lives — the crashes cluster at the same bends, where speed built on a straightaway meets a curve. I'm one of many neighbors asking you to act: designate a safety corridor, fund and build the complete-streets fixes, comply with SB 960, and bring real enforcement to this corridor now. My supported fixes and the officials I'm addressing follow below.

THE FIXES I'M STANDING BEHIND:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died: <https://safecorridorinitiative.com#ideas>

Please don't wait for the next death to act.

—
Respectfully,
Robert Kearns
kearns2008@att.net

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

To our dedicated public servants and government representatives: I urge you to make the Skylonda Area more safe for everyone involved. It is an area of great beauty and recreational opportunities. Month after month, year after year, the traffic accidents leading to injury and death senselessly increase. It feels frustratingly preventable yet also inevitable given the lack of seriousness taken by those who can make meaningful changes to safety in the area. Please - not another life lost due to poor infrastructure.

In earnest,
Christin New — Woodside
tiramisucake22@yahoo.com

I signed the Safe Corridor petition for Highways 35, 84 and 9.

Subject: 47 dead on Hwy 35/84/9 — petition for a safety corridor

You don't often get email from kearns2008@att.net. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

PETITION TO MAKE HIGHWAYS 35, 84 AND 9 SAFE

—

To the officials and agencies accountable for these roads: In five years of federal records, Highways 35, 84 and 9 have taken 47 lives — the crashes cluster at the same bends, where speed built on a straightaway meets a curve. I'm one of many neighbors asking you to act: designate a safety corridor, fund and build the complete-streets fixes, comply with SB 960, and bring real enforcement to this corridor now. My supported fixes and the officials I'm addressing follow below.

THE FIXES I'M STANDING BEHIND:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died: <https://safecorridorinitiative.com#ideas>

Please don't wait for the next death to act.

—
Respectfully,
Robert Kearns
kearns2008@att.net

Subject: Petition: stop the deaths on the Hwy 35/84/9 corridor

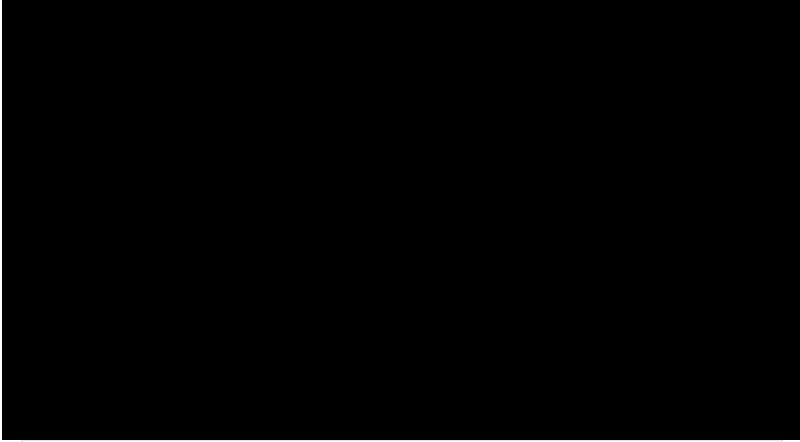

You don't often get email from fred9232@sbcglobal.net. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Hello All,

I live very close to hwy 84. I walk to the post office and market in La Honda center. All weekend long there's a steady stream of traffic along 84. Some heading towards the coast, others returning from the coast. A significant amount of traffic are both sports cars and motorcycles. The speed at which some of them travel through "downtown" La Honda is absolutely frightening. I've witnessed many motorcycles and sports cars pass cars obeying the posted speed limit. It makes crossing the street very scary. This reckless driving has got to stop NOW. Please do what you can to help prevent more accidents and deaths along highways 35, 84 and 9. Thank you for your service, support, time and understanding on this important issue/ matter. Fred Rosenberg Signed, Rosenberg — La Honda Fred9232@sbcglobal.net I've

added my name to the Safe Corridor petition for Highways 35, 84 and 9. Everything behind this — the data, the map, the specific fixes: [26 killed on the roads to the coast — and its preventable](#)

26 killed on the roads to the coast — and its preventable

A cyclist killed at Four Corners and another four miles south, in one year, on Highway 35, 84 & 9 through the Santa Cruz Mountains. The deaths cluster at the same few bends. Heres who owns each stretch — and the plan to make it safe. Add your name.

As a mother, a daughter, a wife, a physician and multiple time Ironman world championship competitor living in Saratoga, I ride on these roads weekly. I would love to see more law enforcement controlling speed on these roads. Motorcyclist and car clubs race these road every weekend. Dangerously.

Please support the needed safety measures and law enforcement to keep us safe!

Respectfully,
Sandra Byrne — Saratoga

Subject: Make our mountain highways (35, 84, 9) a safety corridor — before the next one

You don't often get email from bootazz57.rd@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Please make intersect of 84 and 35 a four way stop with flashing red light warning - approaching stop some distance before. This would make it safer for cars and bikes.

Signed,
Ralph E Davis — La Honda
bootazz57.rd@gmail.com

I've added my name to the Safe Corridor petition for Highways 35, 84 and 9.
The data and the proposed fixes, in one place: <https://safecorridorinitiative.com>

Subject: A safety corridor for Highways 35, 84 and 9

You don't often get email from menkhauskl@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

The Skyloanda area is a beautiful area of wonderful neighborhoods, community, and many families. I would love for my little girl to be able to go to the next neighborhood over to her friend's house without fear of reckless driving. This is our home, and we share it with others who want to enjoy it too, but they need to respect this area and the people that live here.

With urgency,
Kate Menkhaus — Woodside
menkhauskl@gmail.com

I signed the Safe Corridor petition for Highways 35, 84 and 9.
The whole case, with sources: <https://safecorridorinitiative.com>

Subject: Constituent petition — the roads to the coast (35/84/9) need a safety corridor now — please act

[You don't often get email from lynda.l.brothers@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I bike and have lived here all my life. Nowadays, too many people violate even the most basic laws of the road including speed. Time to arrest more speeders and fix the road since impossible to stop them all.

Respectfully,
LYNDA L BROTHERS — Portola Valley
Lynda.L.Brothers@gmail.com

I've added my name to the Safe Corridor petition for Highways 35, 84 and 9.

I've ridden these roads for years and am very fortunate to do so...unlike others who have died at the hands of careless drivers. I would love to see our elected officials look for low cost, effective methods in addressing this serious issue. Speed bumps placed before any curbs perhaps

With urgency,
Oscar Nunez — Menlo Park

Subject: One more voice: fix the deadly curves on the Hwy 35/84/9 corridor — before the next one

You don't often get email from stan_pin@yahoo.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I know some efforts are already underway to address signage and crossings at Four Corners and to occasionally increase enforcement in this region -- I have attended several of the neighborhood meetings about this issue. Those efforts are appreciated, but they are also taking quite a while to design and implement and they seem like only a partial fix given that there are regular issues with speed, noise, and aggression along the entirety of Hwys. 84, 35, and 9. So I submit this email to add my voice to those who are encouraging both the efforts that are underway and a more holistic solution.

With urgency,
Matthew Poppe — Woodside
stan_pin@yahoo.com

I'm writing as one of the signers of the Safe Corridor petition (Hwy 35, 84 and 9).

It is imperative that officials take action to make our streets and region safe for cycling. As a VTA Board member and elected official you have access to policy and planning to save lives. Please act! Thank you.
Signed, Kathleen Conley — Los Gatos
Kkconleyusa@yahoo.com I signed the Safe Corridor petition for Highways 35, 84 and 9. The petition and the evidence behind it: [26 killed on the roads to the coast — and its preventable](#)

26 killed on the roads to the coast — and its preventable

A cyclist killed at Four Corners and another four miles south, in one year, on Highway 35, 84 & 9 through the Santa Cruz Mountains. The deaths cluster at the same few bends. Heres who owns each stretch — and the plan to make it safe. Add your name.

Subject: Petition: safer crossings and real enforcement on the roads to the coast (35/84/9)

[You don't often get email from douglashooper@earthlink.net. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I have been cycling these roads for decades having grown up in Redwood City, now living in Menlo Park. As the population in this area has grown, so has the danger while riding my bike. More cars with more people in a hurry to get somewhere or simply aggressive speed demons pushing their cars to the limit, something should be done before more people are killed or injured. Cameras that detect speeders and issue tickets automatically?

Respectfully,
Hooper — Menlo Park

I've added my name to the Safe Corridor petition for Highways 35, 84 and 9.

Everything behind this — the data, the map, the specific fixes:

Subject: 26 dead, 1,106 hurt or killed in five years on Skyline, La Honda Rd & Hwy 9 — before the next one

[You don't often get email from arla.lecount@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

The area served by Highways 84, 35 and 9 is one of the most beautiful and serene places in the world. People come to explore the redwoods and open space, to camp, picnic, hike, cycle, and to commute to and from their homes. It is also one of the premier areas for road racing fast motorcycles and expensive sportscars. These activities are incompatible and something needs to be done to provide some level of safety for all who share these roads.

I lived in La Honda for 46 years and commuted and drove children to and from school over 84 and now live in Los Gatos and travel primarily on hwy 9.

This is the best plan that I have seen during that time to address root causes of this problem. Please begin with designating these roads as a safety corridor and then proceed with the subsequent steps. It's not a question of whether this will save lives. The only question is how many.

Arla LeCount

With urgency,
Arla LeCount — Los Gatos
arla.lecount@gmail.com

I've added my name to the Safe Corridor petition for Highways 35, 84 and 9.

The record, the map, and what we're asking to be built:

Safety is importance should be priority one. We all as public should share the road with each other without the fear of losing your life. Let design solutions that will work for everyone to the best of our abilities. We should also enforce the speed limits when possible.

Signed,
Ed Gee — Mountain View

Subject: A request from San Jose: designate Skyline, La Honda Rd & Hwy 9 a safety corridor

[You don't often get email from m.sanchezvn84@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I am a native to San Jose and an avid cyclist. I bike commute daily. As our population has grown over the years there are more and more drivers on the roads going at deadly speeds. Car culture has a big presence here in the Bay Area and I have witnessed groups of cars racing every weekend up HWY 9 and skyline blvd. I urge you to make keeping our scenic and heavily trafficked highways safe for all users.

Thank you,
Micheal — San Jose
m.sanchezvn84@gmail.com

I'm among the residents who signed the Safe Corridor petition for these three highways.

See the crash record and the asks:

Subject: To your office: a safety corridor for Hwy 35/84/9 — please act

You don't often get email from dhc684@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

As a driver and biker, it's sad to constantly hear about yet another person killed. Please help to push through these fixes. Thank you.

Thank you,
Daniel Cohen — Los Altos

I'm one of the neighbors signing the Safe Corridor petition for Hwy 35, 84 and 9.
