

198. To your office: I'm asking you to act on our mountain highways (35, 84, 9) — my name is on it
199. Constituent petition — I'm asking you to act on the roads to the coast (35/84/9)
200. Constituent petition — I'm asking you to act on the roads to the coast (35/84/9)
201. I'm asking you to act on the roads to the coast (35/84/9) — my name is on it
202. From Woodside: make Hwy 35/84/9 a safety corridor
203. Subject: I'm asking you to act on the roads to the coast (35/84/9) — my name is on it
204. Please act: a safety corridor for the roads to the coast (35/84/9)
205. The 35–84–9 mountain roads need a safety corridor now — please act
206. From la honda: the 35–84–9 mountain roads need a safety corridor now — my name is on it
207. Petition: our mountain highways (35, 84, 9) need a safety corridor now
208. To your office: a safety corridor for the Hwy 35/84/9 corridor — please act
209. Adding my name: make Highways 35, 84 and 9 a safety corridor — please act
210. Constituent petition — safer crossings and real enforcement on the 35–84–9 mountain roads
211. Constituent petition — make the roads to the coast (35/84/9) a safety corridor
212. Petition: fix the deadly curves on the roads to the coast (35/84/9)
213. Please act: your constituents are dying on the 35–84–9 mountain roads — my name is on it
214. From Portola Valley: I'm asking you to act on the Hwy 35/84/9 corridor
215. Your constituents are dying on the 35–84–9 mountain roads — my name is on it

216. One more voice: the roads to the coast (35/84/9) need a safety corridor now — a constituent request
217. Adding my name: a preventable death toll on our mountain highways (35, 84, 9) — my name is on it
218. Adding my name: make the Hwy 35/84/9 corridor a safety corridor
219. Petition: fund the safety fixes our mountain highways (35, 84, 9) need
220. Petition: I'm asking you to act on the Hwy 35/84/9 corridor - please act
221. One more voice: a preventable death toll on the Hwy 35/84/9 corridor — a constituent request
222. Adding my name: designate Skyline, La Honda Rd & Hwy 9 a safety corridor
223. Slow Hwy 35/84/9 down before the next crash or death — a constituent request
224. To your office: safer crossings and real enforcement on the roads to the coast (35/84/9) — please act
225. Don't wait for the next death on Highways 35, 84 and 9 — before the next one
226. I'm asking you to act on the roads to the coast (35/84/9) — a constituent request
227. From Sunnyvale: 26 dead, 1,106 hurt or killed in five years on the Hwy 35/84/9 corridor — my name is on it
228. Don't wait for the next death on our mountain highways (35, 84, 9) — please act
229. To your office: make Hwy 35/84/9 a safety corridor — before the next one
230. Slow Skyline, La Honda Rd & Hwy 9 down before the next crash — please act
231. Petition: safer crossings and real enforcement on the Hwy 35/84/9 corridor
232. Fix the deadly curves on the 35–84–9 mountain roads — before the next one
233. One more voice: a safety corridor for our mountain highways (35, 84, 9)

- 234. From La Honda: fund the safety fixes Highways 35, 84 and 9 need — a constituent request
- 235. From San Francisco: Hwy 35/84/9 need a safety corridor now — a constituent request
- 236. Adding my name: 26 dead, 1,106 hurt or killed in five years on Hwy 35/84/9
- 237. A request from Saratoga: slow Skyline, La Honda Rd & Hwy 9 down before the next crash
- 238. Constituent petition — stop the deaths on Skyline, La Honda Rd & Hwy 9 — please act
- 239. A request from Castro Valley: your constituents are dying on the roads to the coast (35/84/9) — my name is on it
- 240. Constituent petition - Highways 35, 84 and 9 need a safety corridor now - please act
- 241. A safety corridor for the roads to the coast (35/84/9)

I've live near Skylonda for 39 years, and only recently has the "racing" escalated -- probably because of internet exposure. Every day I see egregious violations, passing on double yellow, crazy speed, aggressive drivers. Several times a year I see somebody dead. This is recreation for them, but these are public roads (even state highways), and the law-breaking is completely out of control. It would be nice to just have law enforcement. The laws are there. But the scofflaws outnumber us all. I know it can be enforced, but there seems to be no "political will" to do it. Law enforcement shrugs it off, claims jurisdictional issues, and just doesn't do anything. How many people need to die before somebody steps up and takes some responsibility?

In earnest,
Glenn Reid — Woodside

Good evening,

I drive, bike ride, and walk with our dog on these roads regularly, multiple times a day. When driving and I see cyclists, whether a single cyclist or peloton, I slow down and give them a wide berth when passing. I also generally drive either at the speed limit or about 5mph below and find other cars are frequently right on my bumper. When cycling, the impatience of drivers never ceases to amaze me. Being passed by a half dozen + sports cars doing well over the speed limit while riding along 84 or 35 or even Portola Rd. is nerve wracking. Seeing reports of other cyclists being hit regularly around here is disheartening, to say the least. Every time I read about it, I wonder how many more cyclists or pedestrians need to get hurt before we implement some mechanisms for everyone to slow down?

Thank you for considering.

With urgency,

Frederick Myers — Portola Valley

myers.frederick@gmail.com

I signed the Safe Corridor petition for Highways 35, 84 and 9.

I have been bicycling in and around Woodside for almost 70 years. Beginning in 1961 I have loved riding between Woodside and the coast.

The area remains a great place to bicycle but traffic has greatly increased and the behavior of drivers is increasingly irresponsible.

When I started riding, we were comfortable using the Half Moon Bay Road (Hwy 92), Kings Mountain Road, Bear Gulch Road, La Honda Road and Old La Honda Road. Skyline was a relatively peaceful connector between these climbs.

Since then, Highway 92 has become far too clogged with speeding cars to ride safely. Bear Gulch has

been abandoned by San Mateo County and closed to bicycles. La Honda Road has become dangerous to climb because of increasing numbers of aggressive drivers.

I believe all but one of the 11 recent bicyclist fatalities I know of were caused by irresponsible drivers.

Please pursue design changes to make our roads safer.

This could include the following measures to slow down dangerous speeders on state highways, especially Skyline

- Explore physical modifications to Skyline to discourage speeding
- Legalize speed cameras
- Explore methods to increase the effect of enforcement

Thank you,
Stephen Lubin — Woodside
stephen@stlubin.net

I've added my name to the Safe Corridor petition for Highways 35, 84 and 9.

Subject: From Woodside: make Hwy 35/84/9 a safety corridor

[You don't often get email from 2snhojl@comcast.net. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I live close to four corners (84/35) and the noise and traffic has increased every year. The number of very loud and fast cars has increased as well. I know given the population density our communities are not a high priority, but we pay taxes too. Why can we not get the same traffic enforcement here as anywhere else in San Mateo. For the most part, most enforcement needs to be on the weekend and most nights when the racers with altered cars (very, very loud) are out usually between 11Pm-3am. It does not seem like a complicated problem, just one that does not seem to be a high priority. Maybe once one of these cars goes off the roadway and down 200 feet and starts a major fire, people will care and then there might be a case to sue San Mateo for their inaction on a problem that people have been complaining to the authorities about for longer than I have lived here (19 years).

In earnest,
Leslie Johnson — Woodside

84 and 35 are mayhem on weekends, I've lived here over 50 years and the traffic, road conditions and driving behavior are ridiculous. No enforcement, no turnouts, no bike lanes... and now 8 million people live here, and go to the beach and road race our hills with impunity. We stay home because of this.

With urgency,
John Rosenberg MD — La Honda

Subject: The 35-84-9 mountain roads need a safety corridor now — please act

[You don't often get email from dennis.m.bartlett@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

My family and I live locally and travel these roads daily. Especially on late evenings and weekends, I see levels of aggression driving here that are unlike anything else. Racing (for sport, not just speeding), passing on blind corners, wrecks causing power outages and wildland fires, drifting and sideshows, and illegal noise mods. It's utterly lawless. The roads are not designed to allow passing (except a few sketchy dirt turnouts), have no shoulder (or negative shoulder, considering overgrowth), and have no signage for safe direction of cycling. These deaths are not inevitable - they are neglect. As a local, it is immediately noticeable when there is an enforcement presence in the area. While it's a large area, it's also only two or three corridors and concentrated on certain days and times. It's not unmanageable. It's also an obvious economic failure - instead of one or two officers dispatched on revenue-generating enforcement, we see police, fire trucks, ambulances, tow trucks, Caltrans, PG&E, and telecoms repeatedly dispatched to manage accident scenes and clean up the mess. First responders show the only real accountability - more needs to be done to make these roads safer in the first place. Thank you.

With urgency,

Dennis Bartlett — Woodside

There has been very little ever done about the racing and reckless driving in the skyline area. Police presence is few and far between. There has to be something done for the safety of our community and those visiting it.

With urgency,
sara glick — la honda

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

For thirty years I have driven the 84 corridor, witnessed several bad accidents, taught my daughter to drive, always fearful that she would get hurt. Traffic has only increased. It's time to address this with traffic lights, corrected byways, etc. Thank you!

In earnest,
Kathleen Dickey — La Honda
k8dickey@gmail.com

Please count me among the signers of the Safe Corridor petition for Hwy 35, 84 and 9.
The petition and the evidence behind it: <https://safecorridorinitiative.com>

(Hi Margaret! We have met a couple times before in the scope of bicycle advocacy - once when I was awarded Friends of Stevens Creek Trail Volunteer of the Year. Here's my statement.)

What might have been rural roads at one time are now often used by urban sightseers habituated with freeway driving habits. It is unfair to expect cyclists and pedestrians to abandon our backroads to motorists that fantasize they are pushing an imaginary performance envelope.

Signed,
Randolph Rhody — Los Altos

I signed the Safe Corridor petition for Highways 35, 84 and 9.

The petition, crash data, map, and every proposed fix:

In the 40+ years I have lived in this area there have been too many accidents caused by speed on our roads, many resulting in death. Please take steps to create a safety corridor.

Signed,
Vicki Rupe — Loma Mar

As a retired voter who rides my bike 7,000+ miles a year, I urge you to address the issue of pedestrian and cyclist safety on our roads. I obey traffic laws, use blinky lights and have radar to detect oncoming cars. I am doing everything I can to maintain my safety while doing this activity. Please help! Respectfully, Chris edwards — San carlos chris@infinitypress.net I'm among the residents who signed the Safe Corridor petition for these three highways. See the crash record and the asks: <https://safecorridorinitiative.com>

All of the above apply to me. I have lived here since July 1984 . We ride, walk , drive, live and use this corridor every day. The racetrack mentality of many of the visitors have made this once nice peaceful hilltop community a very dangerous place to now live. I applaud the efforts of some to use traffic signs , straight away and turn improvements to slow down the reckless behavior. I would like a law enforcement presence occasionally, one that always issues citations and impounds their vehicles. No warnings !!!

In earnest,
Jack McCloskey — Woodside
limpopo7@comcast.net

As both a cyclist and auto enthusiast, public roads should be safe for everyone. Public roads are not racetracks. We need to redesign the roads to ensure safe speeds and to prevent loss of life.

Respectfully,
Brennan Pang — Pacifica

Subject: From Portola Valley: I'm asking you to act on the Hwy 35/84/9 corridor

[You don't often get email from outbox@strittermed.org. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Over 1,100 dead cyclists, pedestrians, etc. in 5 years is astounding! The purpose of the this petition is to address that in a very logical, comprehensive manner. Please approve ASAP!

Respectfully,
Gwendolyn Stritter — Portola Valley

My name is on the Safe Corridor petition for Highways 35, 84 and 9.

The petition, crash data, map, and every proposed fix:

Subject: One more voice: the roads to the coast (35/84/9) need a safety corridor now — a constituent request

You don't often get email from evandellor237@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Locals and non locals drive too fast on 35. It doesn't need to be 55. If much of 35 was nearer a town it would be 35. Locals and non locals ride bumpers and pass on blind corners. I'm amazed there aren't even more accidents. 55 is too fast to be able to safely and easily stop if there was a sudden obstruction like a biker in the lane, rockslide debris, or deer.

Signed,
Evan — La Honda

Subject: Petition: I'm asking you to act on the Hwy 35/84/9 corridor - please act

You don't often get email from Ichirdon@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Dear Representative,

As a Skylonda resident, regular commuter, and cyclist, I am writing to support the Safe Corridor Initiative for Highways 35, 84, and 9.

While living and commuting along these roads with my young family, I frequently witness dangerous and reckless driving. This includes a fatal accident near the El Corte de Madera parking lot a few years ago, a cyclist death at 4 Corners last year and most recently, a cyclist death near Rapley Ranch Rd. As experienced cyclists, my husband and I take extensive safety precautions but still face severe risks on Skyline Boulevard. As homeowners here, we worry about the potential for wildfire danger caused by reckless drivers who treat this area like a race track.

In addition to the infrastructure fixes outlined in the petition, please consider granting cyclists access to all the trails that parallel Skyline Boulevard. Making select trails bike-legal—even with restrictions like uphill-only or specific hours—would allow gravel and mountain bikers to safely bypass the most hazardous sections of the highway, reducing vehicle-cyclist conflicts.

I have signed the Safe Corridor petition (<https://safecorridorinitiative.com>) and urge you to consider these critical safety improvements.

Signed,
Lindsay — Woodside

My name is on the Safe Corridor petition for Highways 35, 84 and 9.

The petition, crash data, map, and every proposed fix: <https://safecorridorinitiative.com>

I have lived in La Honda for 45 years. The accidents have increased and the racetrack behavior of motorcycles and sports cars has greatly increased. It's frightening to be out on our local roads on a weekend. Respectfully, Betty Nogues — La Honda bettynogues@yahoo.com This comes with my signature on the Safe Corridor petition for Hwy 35/84/9. The petition, crash data, map, and every proposed fix: <https://safecorridorinitiative.com>

Subject: I'm asking you to act on the roads to the coast (35/84/9) — a constituent request

You don't often get email from noahpyoung@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

26 is an *absurd* body count for any stretch of road. I ride Hwy 35 between 9 and 84 a few times a week. It's my social life, my escape from stress, and my form of exercise. Imagine if every time you went to the gym you had to think to yourself "there's a good chance someone will kill me today". Get it fixed.

Let's be creative about ways to stop the bad actors while letting safe and attentive road users get around unimpeded. We certainly can't do *nothing*.

Thank you,
Noah Young — Redwood City
noahpyoung@gmail.com

I'm among the residents who signed the Safe Corridor petition for these three highways.

Subject: From Sunnyvale: 26 dead, 1,106 hurt or killed in five years on the Hwy 35/84/9 corridor — my name is on it

You don't often get email from tim@zerow.org. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I recently met Jakub. We both are car free and we both volunteered to do set up for the Western Wheelers Sequoia Century at 4am on Sunday June 7th. Yes we both biked to the start very early in the morning -- one of the safest times to bike with so few cars on the road. I bike to everywhere I need to go just as Jakub did. Every road should be safe for bicyclists, pedestrians, motorcyclists, and drivers. Speed kills. We must get speed under control both through better road design and speed limiters on motor vehicles like Europe now does with Intelligent Speed Assistance (ISA). A variation on this (2024 SB 961) almost passed in 2024 in California but Gavin Newsom vetoed it (see https://calmatters.digitaldemocracy.org/bills/ca_202320240sb961). That veto will result in lives lost. I am the current chair of the Santa Clara County Roads Commission but am speaking for myself.

With urgency,
Tim Oey — Sunnyvale

For 50 years our family has lived in La Honda and used Highway 84. The care with which local people drive is in sharp contrast to the way visiting automobile and motorcycle drivers behave on our road. This is a rural road with reasonable speed limits and a double yellow line, neither of which are respected by drivers visiting our area, especially those who use 84 and 35 for racing. Most of us who live in La Honda avoid traveling on our road on the weekends because of the risk. Our volunteer fire department is called out multiple times on Saturday and Sunday to go to the aid of people who have harmed themselves. The sirens and helicopters remind us of the horrible events happening in our community because of the negligence and unlawful behavior of weekend visitors. Please address the cause of their expectation that they can drive recklessly and cause death and injury, including their own.

Signed,

Lynne Rosenberg — La Honda
rosenberglynne1211@gmail.com

I've added my name to the Safe Corridor petition for Highways 35, 84 and 9.

Subject: Petition: safer crossings and real enforcement on the Hwy 35/84/9 corridor

[You don't often get email from keith.wescourt@gmail.com. Learn why this is important at
<https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I've lived in Skylonda for 40 years, about 1/2 mile south of the 35/84 intersection. One of the bicycle fatalities described in the petition was at Elk Tree and 35, where I leave and enter my neighborhood.

I've seen careless and reckless driving between the 35/84 intersection and points south, and also on 84 between that intersection and downtown Woodside, increase over the years. Both cars and motorcycles regularly speed and pass in no-pass areas. On many nights, I can hear vehicles accelerating with screaming transmissions and racing south on 35. The highway network in the area is treated as playground by vehicle enthusiasts testing their vehicles and themselves and by other joy riders not skilled at driving in the mountains.

Bicycle enthusiasts compound the issue. Most are courteous and do their best to ride on roads that have no shoulders , moderate to high speed limits, and difficult visibility under the trees overhanging the roads.

Others ride carelessly, reaching high speeds on downhill stretches and blocking lanes. A couple of decades ago while driving up 84 my car was hit by a bicyclist who lost control coming downhill and around a sharp curve at high speed and

crossed over the center line. I stopped in my lane but she was unable to avoid me. She was seriously injured. Even though I had no fault, it was traumatic for me. Bottom line: with the hilly, winding nature of the highways with no shoulders, and the amount of vehicle traffic, bicycling is very hazardous on these roads both to bicyclists and to motorists as well who must take risks to pass them safely (especially with bicyclists struggling uphill at less than 5 mph around curves on 84).

I'm no highway engineer and am not sure how to reduce the amount of speeding with changes to the roads, but rigorous enforcement, including systematic police speed enforcement at night (or flashing your-speed-is signs with speed cameras?), seems like a good start. One other obvious short-term fix would be making the 35/84 intersection a 4-way stop (like the 9/35 intersection to the south).

I implore you to use your authority and resources to significantly mitigate the traffic hazards with both short- and long-term enforcement and road engineering measures.

With urgency,
Keith T Wescourt — Woodside
keith.wescourt@gmail.com

I'm among the residents who signed the Safe Corridor petition for these three highways.

The full crash record, the map, and the fixes we're asking for:

To whom it may concern,

The cycling community is an important network for many who connect with the outdoors and each other. Leadership and support are urgently needed to protect cyclists from reckless drivers and to nurture the cycling community for future generations.

I have signed the Safe Corridor petition for Highways 35, 84, and 9. You can view the petition, crash data, map, and all proposed fixes at <https://safecorridorinitiative.com>.

With urgency,

Paige

Subject: From La Honda: fund the safety fixes Highways 35, 84 and 9 need — a constituent request

You don't often get email from laurie@fuseliterary.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I've lived in the San Mateo south coast mountains for 30+ years. Accidents, often fatal, happen every weekend. Driving 84 and 35 is so dangerous I do not leave my house on the weekends. It's so sad that nothing ever changes on these dangerous roads. Sure, it's a challenge to make these roads safer when you've got a mix of fast cars, slow cars, fast motorcycles, slow bicycles, pedestrians, curvy mountain roads, wildlife, beautiful scenery, and tourists unfamiliar with the roads. But look to where these same deadly factors occur elsewhere and have been fixed, or at least made safer. Isn't that the job of the government? With urgency, Laurie McLean — La Honda laurie@agentsavant.com My name is on the Safe Corridor petition for Highways 35, 84 and 9. The petition and the evidence behind it: <https://safecorridorinitiative.com>

Hello,

We live in a stunning region, with multiple, various opportunities to experience and enjoy life here. My select outdoor activities include hiking and cycling, and the Santa Cruz Mountains are an automatic draw for both. CA-35, CA-9, Page Mill Road, Old La Honda Road, West Old La Honda Road, CA-84 to CA-1, these are some of the best routes to various destinations, such as Castle Rock State Park, Big Basin State Park, Contoni-Coast Dairies, Boulder Creek, Half Moon Bay, San Gregorio, Pescadero.

As a healthy and active 68 year old, my preferred transportation method is my bicycle. With several years of over 6,000 annual miles, I'm comfortable on the road, following the established rules of the road, and of course, sharing that road with pedestrians, other cyclists, passenger cars, delivery vans and trucks, large semis, ALL the other road users. We are all responsible for each others' safety, and it is appalling that a certain % of road users manage to hurt or murder our

friends, mothers, fathers, siblings with their reckless selfish use of our shared public roads. These are not random "accidents", these are deliberate choices which result in injuries and deaths.

Please complete the actions to make these corridors safe for EVERY person who walks, rides, or drives here. As friend eloquently said "If not for cyclists, drivers, equestrians, hikers, or any other person on these roads, do it for your family, friends and loved ones. This time it may have been Jakub [killed July 2026 on Hwy 35-CBS] that paid the price, but next time it could be the person sitting next to you, or those you love most."

With urgency,
Cathy Switzer — Sunnyvale, CA
cbsbikes@mac.com

Please count me among the signers of the Safe Corridor petition for Hwy 35, 84 and 9.

The petition, crash data, map, and every proposed fix:

Subject: Constituent petition — stop the deaths on Skyline, La Honda Rd & Hwy 9 — please act

You don't often get email from mishamerrill@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Every time I leave or return to my home in the Four Corners area (Skylonda) I take my life in my hands. I have had motorcyclists pass me on the blind curves of 84 or zoom by me on Skyline going over 80mph (while I am traveling at 45-50!) Neither of these roads were created for multi-use traffic--cars, motorcycles, bicyclists--and although the speed limits are clearly marked, this area has always been a racetrack for speed demons. When you add in an increasing number of giant trucks bringing heavy materials (or carting them away) from major building projects, it's a disaster waiting to happen.

I have spoken to the local sheriffs and to the CHP with little success. One day after two particularly aggressive motorcyclists passed me on a blind curve on 84, I saw them again gassing up outside the local store at Four Corners. Amazingly, there was a CHP car in the parking lot, so I went into the store and there was the cop. I told him what had happened and that the perpetrators were right outside and asked

him to speak with them. He just nodded his head and said, "I'll take care of it." I waited until he came out--he did not go to speak to the men, but just got into his car and left.

This has been going on for years. If the same thing was happening in downtown Woodside, you can bet the local sheriffs would be on it in a minute, but because we are in Upper Woodside with two public highways, no one does anything and our only recourse is to drive defensively and hope for the best.

Please consider this proposal carefully. Many of the deaths that have occurred in my 40+ years of residence could have been avoided with proper road infrastructure and police oversight.

Sincerely, Misha Merrill

Thank you,
Misha Merrill — Woodside
mishamerrill@gmail.com

This comes with my signature on the Safe Corridor petition for Hwy 35/84/9.

I live just off of Skyline and use it on a daily basis. However, I stopped riding my bike there on weekends and holidays as I don't consider it a safe road any more during those periods.

Thank you,
Donald Lubin — Woodside

As a parent of teenage drivers, and someone who walks and enjoys the outdoors, I am distressed by the speeding cars and even more saddened by these completely unnecessary deaths. Please make the safety of our community a priority in your agenda.

Signed,
Melissa Karlsten — Skylonda
Mdkarlsten@gmail.com

I'm one of the neighbors signing the Safe Corridor petition for Hwy 35, 84 and 9.

Subject: Constituent petition — your constituents are dying on the 35–84–9 mountain roads

[You don't often get email from samanthajill13@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Greetings,

As a resident of La Honda, I drive 84 often, and used to commute daily to Newark from La Honda. These mountain roads are often downright scary: the speeding, passing on double yellow lines, blind curves where cyclists can't be seen in advance, navigating through thick fog with no guardrails or shoulder... the list goes on, and people needlessly continue to get hurt and killed. One of the best things you can do with my tax dollars is make these mountain roads safer for everyone.

Thank you for listening.

Signed,
Samantha Friedman, PhD — La Honda
samanthajill13@gmail.com

Subject: Petition: slow Highways 35, 84 and 9 down before the next crash — please act

[You don't often get email from drewhoffman1@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I have been an avid and very careful cyclist and ride in the hills quite a bit for exercise and pleasure. I am equipped with front and rear flashing lights, radar detector and bright clothing. Every time I ride on Highway 35, 84 and 9 I feel that I am taking my life in my own hands. The out of control speeding and racing by cars and motorcycles has to be curtailed. When I have called local police and CHP to see what can be done, I got "sorry, we cannot go after them and we can't solve this." How many more local people need to die?! I request that this become a major priority to be fixed ASAP. What can be more important than saving human life?!

Respectfully,
Drew Hoffman — Los Altos

Hello,

I am a cyclist that uses Rte 35 both to cross to head to the coast as well as to traverse 35 between roads that meet up with it. It is curved sections that are blind, such as between OLH and 84, where aggressive cars are the most dangerous. Not mentioned in the list of those killed was the tech CFO killed by a van entering 35. Much better signage would be a good start. Lots more, as suggested, can be done.

Thank you,

Bob Machlin — Los Altos
bobmachlin@gmail.com

I'm writing as one of the signers of the Safe Corridor petition (Hwy 35, 84 and 9).

I live at the top of King Mountain and racing cars and motorcycles are a continuous hazard with many close calls due to excess speed.

Respectfully,
Antoinette King — Woodside
tonijking@gmail.com

I've added my name to the Safe Corridor petition for Highways 35, 84 and 9.

Dear All,

I bicycle ride and drive these roads. Motorists need to be controlled especially with excessive speeding along Skyline. Sports cars and motorcycles race here. They should also know not to pass on blind corners.

Please count me among the signers of the Safe Corridor petition for Hwy 35, 84 and 9. The record, the map, and what we're asking to be built: <https://safecorridorinitiative.com>

With urgency,
Joel Wilson — Redwood City

Subject: Petition from Emerald Hills: make Hwy 35, 84 & 9 a safety corridor

You don't often get email from bryan.hains@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Please come on a bike ride (or even a roadside walk) with me on the weekend up on Skyline so you can see how it feels to be buzzed (and nearly killed) by trucks, speeders, race car enthusiasts at 60+ mph with no shoulder on the side of the road.

I am a constituent, writing from Emerald Hills.

PETITION TO MAKE HIGHWAYS 35, 84 AND 9 SAFE

To our representatives and the agencies that own Highways 35, 84 and 9: Forty-seven people are dead on this corridor in the last five years of federal data — killed, mostly, by the same combination of a long straight and a sharp curve. I refuse to treat that as normal. Please designate a safety corridor, fund and build the complete-streets fixes these roads need, comply with SB 960, and put real enforcement on this corridor now. The fixes I support and the people I'm asking to act are below.

THE SPECIFIC FIXES I SUPPORT:

All 44 catalogued on the campaign page — the three core asks and every site-specific fix where people have died: <https://safecorridorinitiative.com#ideas>

I'll be watching what your office does with this.

In earnest,
Bryan Hains — Emerald Hills
bryan.hains@gmail.com

Subject: Constituent petition — a safety corridor for the roads to the coast (35/84/9)

You don't often get email from ctesti@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I met Jakub on social rides and know first-hand what the community has lost: a kind, generous presence who made every ride better. Jakub did everything right. He was killed anyway, by a driver who had no business going that fast on that road. The data on this page is damning, and the pattern is clear. Please act before another name gets added to this list.

Signed,
Christophe Testi — Mountain View
ctesti@gmail.com

I'm one of the neighbors signing the Safe Corridor petition for Hwy 35, 84 and 9.

I have lived here 36 years and the roads are so dangerous. In summer, I don't like leaving my house because I never know how long it will take to get home because of a crash. I would love to ride my bike but I am afraid of the unsafe conditions.

With urgency,
Maile Springer — La Honda
maileannes@gmail.com

I'm among the residents who signed the Safe Corridor petition for these three highways.

Everything behind this — the data, the map, the specific fixes:

I ride 84 corridor very often: it is the only way to reach towns and cities for shopping, hospital visits, appointments, et cetera. La Honda only has a convenience store, the post office and the (volunteer) fire department. Anything else have to be reached by Hwy 84 or Hwy 1.

Hwy 84, specially, is the racing track for high speed rental or owned Porches, Lamborghini s, BMWs, Lotus, Maserati s and that kind of vehicles in droves on weekends and lesser (but not absent) during work days. Really bummer for regular folks that need to use those routes for continuous errands (like me and wife and friends/acquaintances of both.

Thank you,
TARUNO VEGA — La Honda
taruno@coastside.net

Please count me among the signers of the Safe Corridor petition for Hwy 35, 84 and 9.

Our house backs up to SR 35 almost a mile south of Alice's in the Big Tree neighborhood m. We've been here for 23 years, and the racing, the noise from the ear-splitting modified exhaust systems, and general recklessness on the part of a pack of individuals who frequent our area regularly, typically Friday afternoon to late Sunday evening is nearly intolerable. It has gotten so bad, that we plan our life so that we do not venture out onto 35 and 84 on these days. I'm tough. Did time in San Quentin, yet the current environment has me frightened for my well-being. We are blest to live on a State-designated scenic corridor. Though scenic, it's neither safe or serene these days. We need all the help that we can get. Signed, Tim Hanrety — Woodside, Skylonda neighborhood tim.hanretty@gmail.com This comes with my signature on the Safe Corridor petition for Hwy 35/84/9. Everything behind this — the data, the map, the specific fixes: <https://safecorridorinitiative.com>

To whom it may concern,

I moved to the area four years ago from a bike-friendly city. I rode everywhere. I haven't been on my road bike since moving here - driving past so many white bicycles/crosses in the first few months of living here made me hesitant to ride these roads, but the numerous additions just in the time period I've lived here have completely deterred me from riding. I have two young daughters, and I'd rather sacrifice the mental/physical health benefits I get from riding than risk leaving them without a dad.

Thank you,
Seth Solwell — La Honda
seth.solwell@gmail.com

I've added my name to the Safe Corridor petition for Highways 35, 84 and 9.

The data and the proposed fixes, in one place:

<https://gcc02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fsafecorridorinitiative.com%2F&data=05%7C02%7Cpubliccomment%40smcta.com%7Cfc8d83a8c8174d45b02308def0a5802a%7C1a34d2f711e24a45b4cd47ceeb1d21be%7C0%7C0%7C639212792567541676%7CUnknown%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiilwLjAuMDAwMCIsIlAiOiJXaW4zMtIsIkFOIjoiTWFpbCIsIldUIjoyfQ%3D%3D%7C40000%7C%7C%7C&sdata=B8Ou6wTiW6HJQy16F0RdXWGilCeooGlrFxmZeo6o9qY%3D&reserved=0>

Subject: A request from El Granada: 26 dead, 1,106 hurt or killed in five years on Skyline, La Honda Rd & Hwy 9

You don't often get email from david.marsland@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I'm a bicyclist and I have sons and many friends who bicycle. These roads are the only good ways to get to the Coastsides. Please include highway 92 which is far too dangerous for bicycles and the only way get to Half Moon Bay. Out of control drivers and motorcyclists need to be prosecuted heavily for reckless driving. Drivers who kill bicyclists while driving recklessly should be prosecuted for murder or at least manslaughter.

Thank you,
David Marsland — El Granada
david.marsland@gmail.com

Please count me among the signers of the Safe Corridor petition for Hwy 35, 84 and 9.
Everything behind this — the data, the map, the specific fixes: <https://safecorridorinitiative.com>

All the best,
David

I use these highways regularly on my bicycle and car to access the many natural wonders of this area. The reckless use of these roads as a racetrack has lead to many preventable deaths. We need to take action to ensure that these roads can be used safely by all.

With urgency,
James Robinson — Mountain View
jamesr@jamesr.dev

Subject: Please act: your constituents are dying on our mountain highways (35, 84, 9) — please act

You don't often get email from montyboyer@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

We live on Heather Heights Rd, near Saratoga Gap. I used to occasionally ride my bike on CA-9 and CA-35 but gave that up due to the danger from speeding, inattentive drivers. Now I only ride the trails.

The corner where Heather Heights joins highway 9 has become a notorious location for crashes over the last 5 years or so. On several occasions we've been prevented from returning home by first responder crews that are cleaning up after some horrible accident. One time the crash started a fire which was thankfully extinguished before it turned into a raging inferno that would have trapped all the families living in my community.

It has become so bad that we avoid leaving home on weekends rather than tempt danger from the drivers (cars & motorcycles) that treat these roads as their personal racetrack. We have been fortunate to have not been involved in an accident, despite having been passed by racers several times when traveling up and down hwy 9.

I support the Safe Corridor Initiative.

I also support the rapid expansion of the CA state automated speed enforcement camera pilot program CA AB645 to immediately include the Hwy 35, 84, and 9 corridors.

In earnest,
Monty — Saratoga
montyboyer@gmail.com

I'm one of the neighbors signing the Safe Corridor petition for Hwy 35, 84 and 9.
The petition and the evidence behind it: <https://safecorridorinitiative.com>

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I drive CA-9 nearly every day from the Heather Heights area, for 7-8 years now. And about every week, other vehicles recklessly pass me on CA-9, even though it is no passing with blind curves.

When I discuss with the Santa Clara county Sheriff's department, they either indicate that they are understaffed or unappreciated; and/or b) CA-9 is officially a CA highway patrol jurisdiction.

I offer video evidence from my Tesla - showing motorists passing on blind curves when my minor children are in the car. The officers usually covey that citations cannot be issued for reckless driving from video - nor child endangerment (PC 273a) unless the officer actually sees it. I drive my two children to / from school and summer camp, every day on CA 9.... Reckless driving and child endangerment laws are meaningless if video with license plate and make and model of cars driving recklessly won't help...

Sometimes there are photographers setup to take pictures of what appears to be racing on weekends!

I'm not sure of the solution here... but the status quo means more death.... More stress.... And I'm praying the current approach of the many overlapping state, county, and city jurisdictions for CA-9 (and also 35) don't result in the death or injury of my children.... My wife... or me.

Respectfully,

Jason Korosec — Heather Heights (unincorporated Santa Clara county) Jak16@po.cwru.edu

Subject: Petition: stop the deaths on the Hwy 35/84/9 corridor — before the next one

[You don't often get email from rw34oc@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

To those responsible for public safety,

I frequently ride my bike on or across highways 35 and 84. I do so with trepidation, knowing the behavior of drivers on these and other roads through this beautiful countryside. Driver education is key: many dangerously refuse to keep at a safe distance while passing, not even changing lanes. Instant ticketing by video surveillance would probably be the best solution. Many of the stretches are too narrow for additional lanes. Additional bike lanes would have to be wide enough to support downhill speed and angles.

Please support the projects that will make these routes safe for all users.

With urgency,
Richard Wiecki — Redwood City
rw34oc@gmail.com

Subject: From La Honda: a safety corridor for the Hwy 35/84/9 corridor

[You don't often get email from pwmcreynolds@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I have lived in this area for my entire 74 years and have witnessed Highway 84 changing from a quiet rural road with mostly local traffic to the racetrack it has become. The pandemic made it worse. From our house we can hear traffic on 84 and 35 and as I am writing this I am hearing motorcycles screaming down 84. We rarely leave our home on weekends for fear of being involved in an accident and I fear for the safety of my family members driving these roads. How many more people need to be killed or injured before something is done about the irresponsible users of our roads?

Signed,
Pam — La Honda
pwmcreynolds@gmail.com

I signed the Safe Corridor petition for Highways 35, 84 and 9.

Subject: One more voice: Skyline, La Honda Rd & Hwy 9 need a safety corridor now — a constituent request

You don't often get email from carriejlevin@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I am writing to urge immediate action to restore safe access for cyclists on the dangerous State Routes 35, 84, and 9, where 26 people have been killed in just five years. Following the recent heartbreaking bicycle fatalities of Eric Biron and Jakub Solovsky, we need Caltrans and local leaders to formally designate this a safety corridor and design physical, self-enforcing fixes to break up the deadly straightaways.

I have biked at the Four Corners crossroads. One cyclist was killed at Four Corners, another five miles south on Skyline, in under a year. Not only is it dangerous for cars and pedestrians, it's also dangerous for motorcycles and cyclists. A rapid-flashing crosswalk at this intersection would make the crossroads far more safer.

According to the data, **44% of deaths** happen in tight bends where speeding drivers lose control, making physical fixes like breaking up straightaways and protecting intersections incredibly urgent.

Please prioritize funding and coordinated enforcement across these jurisdictions to protect vulnerable road users and end this preventable toll.

Thank you,
Carrie Levin,
long term Sunnyvale resident

My name is on the Safe Corridor petition for Highways 35, 84 and 9.

Subject: Constituent petition — safer crossings and real enforcement on Highways 35, 84 and 9

You don't often get email from sfosborn2@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I am an avid 78 y/o bicyclist and have been cycling for 74 years mostly in the Woodside, Portola Valley, Palo Alto Hills, Skyline and the 84 corridor. The Highways 9, 35, and 84 have become more and more dangerous with speeding trucks, cars and motor cycles. Fatalities keep rising and nothing significant has been done. These 3 highways need to be designated "safe corridors" with speed limits decreased to no more than 35 miles per hour their full lengths. There need to be flashing lights for more designated crossings. And finally there needs to be 7 day per week policing of these highways with strict ticketing for offenders. One death or serious injury, is one TOO MANY!! Thank you

Respectfully,
Stephen F. Osborn — Palo Alto
sfosborn@att.net

I'm among the residents who signed the Safe Corridor petition for these three highways.

Subject: Skyline, La Honda Rd & Hwy 9 need a safety corridor now — please act

[You don't often get email from mollystamos@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Cars racing on Skyline, HWY 84 and HWY 9 is completely unacceptable. Not only are cyclists killed (who have a right to enjoy the road as well as cars), but I've personally witnessed a horrific accident on the west side of 84 (west of skyline) where a racing car lost control, hit a tree and the driver had to be airlifted out. I don't know if they survived.

A reasonable solution might be to install point to point speed cameras so that cars are caught speeding and issued tickets. Point to point is important because single measurement speed cameras - people will just slow down for those and then speed right back up.

Please stop the needless deaths on these roads!

Thank you,
Molly Stamos — San Carlos

Subject: Constituent petition — safer crossings and real enforcement on Highways 35, 84 and 9

You don't often get email from elaine@ieg.net. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Unlike many concerned citizens, I am not a cyclist. I am a motorist who shares the road with cyclists, and am concerned about the fatalities occurring on Highways 9, 35 and 84.

These highways have become more and more dangerous with speeding trucks, cars and motor cycles. Fatalities keep rising and nothing has been done. Please designate "safe corridors" with speed limits decreased to no more than 35 miles per hour their full lengths. There need to be flashing lights for more designated crossings. There also needs to be 7 day per week policing of these highways with strict ticketing for offenders.

This includes both motorists and cyclists. Let's not wait to see how many deaths must occur before these roads are made safe.

Thank you,
Elaine Staats - Emerald Hills

Last year, I set the Guinness World Record for oldest woman to bicycle around the world. When I returned home to the Bay Area, I realized I live in one of the most dangerous places for road cyclists on the planet. The Bay Area must do better by its cyclists. This area has become a deadly global embarrassment.

To whom it may concern,

I am writing regarding the recent death of cyclist Jakob Solovsky and the long overdue safety upgrades in our community. My husband and I regularly bike on Skyline and Woodside Rd. I grew up in Woodside on the 84 - it was always nerve wracking as a teen and young adult to leave my own home due to the speed of the cars and lack of safety infrastructure. My father still lives there - he is paraplegic and bikes using a handcycle, much lower to the ground and less visible than a regular bike. I worry about him all the time. Please please address these safety concerns so we can all ride safely and avoid any more fatalities!

Respectfully,
Malena Spar — Redwood City

malenaspar@gmail.com

To whom it may concern,

I am in the Western Wheelers bike club. My club mate was recently killed on Skyline. I have only biked Skyline once and the speed people were driving was frightening. I realized it is a very dangerous situation and I will never bike it again. That is a shame. It is a beautiful road. Please address this matter before more cyclists are injured or killed.

With urgency,
Kara Stella — Pacifica

Subject: Control High Speed Traffic on Skyline, 84 and 9.

You don't often get email from kim.freitas@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I am writing as a cyclist who uses Skyline Boulevard to connect favorite cycling routes. I'm concerned about the high-speed traffic that creates safety issues for other motorists, cyclists, and pedestrians.

The tragic death of Jakub Solovsky, who was killed on July 11 when a speeding Porsche crossed into the opposing lane after failing to negotiate a curve, is a heartbreaking reminder of the consequences of this dangerous behavior. According to the California Highway Patrol, Jakub was riding lawfully when a vehicle traveling at a high rate of speed lost control and struck him.

Jakub's death should not be viewed simply as a cycling tragedy. It is a community tragedy.

The overwhelming majority of people want to travel safely through this remarkable public landscape.

Here are some measures I believe should be taken:

- Advocating for state legislation that would allow the use of automated speed safety cameras in appropriate locations.
- Working with Caltrans to install proven traffic-calming measures on Skyline Boulevard, including engineering improvements that reduce excessive vehicle speeds while maintaining access for all legitimate road users.
- Identifying additional enforcement and roadway design strategies that discourage reckless driving rather than relying solely on periodic enforcement.

Skyline Boulevard is one of the Peninsula's great scenic roads. It should be known for its natural beauty—not for preventable tragedies. By bringing together residents, transportation agencies, public safety officials, and all road users in a thoughtful study session, San Mateo and Santa Clara Counties have an opportunity to lead a constructive conversation about restoring safety and civility to

these roads.

Sincerely,

Kim Freitas
