Please address the safety of these roads! Way too many people - pedestrians, cyclists, and passengers have lost their lives. This is a fixable problem with reasonable traffic calming measures.

Signed,
Jill Fredrickson — Sunnyvale

I cycle and drive frequently in this area. Even as a car driver, I feel in danger getting speed pressured by sports cars and motorcycles alike. As a cyclist, I have learnt to avoid these roads altogether because of this imminent threat, which is so unfortunate. Thank you for making a change that will save lives

I pass Rt 35, 84, and 9 regularly, and it's routine to have people speeding, both motorcycles and cars. It's crazy how common it is, and it's crazy that speed limits are not enforced. Please, put up a speed camera or 10 and start collecting high fines from speeders. That's a win for our municipalities and a win for people that want to use our roads safely. If not that, then use the fines from police issued speeding tickets to pay for the enforcement. Lastly, pass a regulation that increases fines on these roads significantly. We have many rich people (just look at the cars that are racing) that won't care about a few hundred dollars.

Thank you,
Yuval Fisher — Palo Alto

We are raising two little boys here and we drive these roads every day. They are in the back seat for most of those trips, and before long they will be biking and walking the same shoulders that do not exist. Respectfully, Annie Teng — Woodside annieteng@gmail.com I'm one of the signers of the Safe Corridor petition for Highways 35, 84 and 9. Subject: From Santa Clara: designate the roads to the coast (35/84/9) a safety corridor — please act

[You don't often get email from ilse.pollet@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I, as many others, am fortunate to call the Bay Area home and enjoy access to spectacular natural beauty. I enjoy Skyline, Hwy 84 and Hwy 9 as a motorist, hiker and cyclist. Sharing the roads is a shared responsibility, but as a cyclist and hiker you are in an extremely vulnerable position when using these roads. About a year ago, my friend got hit by a car on Skyline and suffered major injuries. I avoid riding my bike there on the weekends because of speeding cars. Even crossing the road to stay on less busy intersecting roads feels unsafe. Cyclists should not have to fear for their lives every time they go for a ride. Speeding kills. Please act to make these roads safer for all.

With urgency,
Ilse Pollet — Santa Clara

Subject: I'm asking you to act on the Hwy 35/84/9 corridor — a constituent request

[You don't often get email from tenpins@sbcglobal.net. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I like many cyclists enjoy riding all around the Bay Area. I avoid busy dangerous routes but these corridors are sometimes unavoidable and all users should be able to peacefully enjoy the scenic beauty of the hills. Please push to implement the basic actions requested in the petition to avoid further senseless accidents and loss of life.

Thank you,
Mark TenBrink — San Jose
tenpins@sbcglobal.net

I signed the Safe Corridor petition for Highways 35, 84 and 9.

Crash data, an interactive map, and the segment-by-segment fixes:

Subject: Constituent petition — don't wait for the next death on the 35–84–9 mountain roads

[You don't often get email from carolweissmiller@icloud.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I often ride on a short stretch of Skyline Boulevard on Saturday and Sunday mornings just when the Porsche car group comes screaming by. It scares me half to death. I have wondered why the Woodside police are not patrolling when this seems to be a regular occurrence. It's a shame someone has to die to bring more attention to this issue. (They do seem more happy to give cyclists a ticket for not stopping at stop sign even when no cars are visible!)

Signed,
Carol Weiss — Mountain View

Subject: Petition: don't wait for the next death on the roads to the coast (35/84/9)

[You don't often get email from bbuntschuh@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

The beautiful rides along Highways 9, 35 and 84 are part of why I have lived in this area for 25+ years. I used to joke about being a "pylon" for the speed racers, but that experience has led me to minimize time spent on these roads on the weekends. Please help to at least get the current laws enforced!

I knew Jakub Solovsky through the Western Wheelers rides where he was always impressively strong and in control, even after having ridden to the starts of far away rides from his home. He is missed.

Respectfully,
bruce buntschuh — Saratoga
bbuntschuh@gmail.com

I signed the Safe Corridor petition for Highways 35, 84 and 9.

thanks, this portion of the Skyline corridor can be really scary. It's basically like riding on the freeway. I agree that better enforcement can help there, there are drivers who are far beyond reasonable in terms of speed there every day.

Signed,
Don Low — San Mateo
d0nald@gmail.com

I'm writing as one of the signers of the Safe Corridor petition (Hwy 35, 84 and 9).
The whole case, with sources: <https://safecorridorinitiative.com>

I cycle on Skyline and people driving don't pay attention. I've too many near misses to count. Skyline is not a speedway nor is it well patrolled by police. It sometimes feels like the Wild West.

People should be able to enjoy the beautiful ride along skyline without having the feel like their life could end any moment from an unsafe driver or motorcyclist. 1 death of a cyclist from a vehicle or motorcycle is too many already.

In earnest,
Pat Janachovsky — South San Francisco

Dear Elected Officials,

Another death in the cycling community. How many more lives will be lost before meaningful action is taken on Skyline Boulevard?

I've lived, hiked, and cycled along Skyline Boulevard, especially the stretch between Kings Mountain Road and Old La Honda Road. It has always been one of the most beautiful roads in the area—but also one of the most frightening to travel by bike. Despite riding with bright front and rear lights and wearing high-visibility gear, I was clipped by a driver in a large Ford F-350 and forced off the road. I was incredibly fortunate to walk away. Too many members of our community haven't been as lucky.

Skyline Boulevard is not a race track. Excessive speeding and reckless driving must be taken seriously, with consistent enforcement—especially on weekends, when traffic and speeding are at their worst.

I've added my name to the Safe Corridor Initiative petition for Highways 35, 84, and 9. I urge you to support its recommendations and make these roads safer for everyone who uses them.

See the crash record and the proposed safety measures here: [Safe Corridor Initiative](#)

In earnest,

Bo Luppès

You don't often get email from kastania.dahlen@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

It's common knowledge amongst local cyclists that the drivers on Skyline are reckless and speed. We try to avoid the road on the weekends as this is when the joyriders come out. the reality is that this has cost cyclists their lives, and for what reason? So these drivers can show off their cars and speed? This needs to be put to an end. If people want to race their cars, go to a racetrack, not local roads that people recreate on and live along. Respectfully, Kastania Dahlen — Cupertino kastania.dahlen@gmail.com

Dear Representative,

I am writing to you today with a heavy heart to urge immediate, decisive action to make Skyline Boulevard (State Route 35) and our Peninsula mountain corridors safe for all who use them. The tragic, preventable death of 34-year-old cyclist Jakub Solovsky on Skyline Boulevard has left a profound void in our community and exposed the urgent danger posed by unchecked reckless driving.

Jakub led my very first Western Wheelers Bicycle Club ride up Mt. Hamilton. As we climbed together, I had the privilege of getting to know him. He deeply impressed me with his passion for the environment and for cycling. Jakub was a bright, caring, and kind-hearted human being—he was truly one of "the good guys." His life was senselessly cut short when a speeding driver lost control on Skyline Boulevard.

This is not solely a cycling issue. Local residents, equestrians, hikers, pedestrians, and law-abiding drivers across San Mateo County are constantly put in harm's way by dangerous driving and high-speed motor tourism that treat these scenic mountain corridors as private racetracks.

Achieving real safety on these state highways requires active leadership and collaboration across both local and state levels. I respectfully request that you champion the following substantive measures:

- **State-Level Legislation & Infrastructure:** Partner with state leaders and Caltrans to prioritize speed-mitigation infrastructure, lower posted speed limits (such as implementing 25 mph zones in critical high-risk areas like Four Corners), and support state legislation enabling automated speed safety enforcement along high-risk corridors like SR 35.
- **Targeted Local Enforcement:** Support enhanced, sustained law enforcement patrols coordinated between the San Mateo County Sheriff's Office and the California Highway Patrol (CHP) to target reckless driving, excessive speeding, and illegal street racing.
- **Inter-Agency Safety Task Force:** Help form a multi-agency traffic safety task force bringing together San Mateo County, local municipal leaders, Caltrans, and law enforcement to deploy regional traffic-calming solutions across mountain passes.

We cannot afford to wait for another preventable tragedy before taking action. Thank you for your leadership and for advocating to protect everyone who lives in, visits, and travels through San Mateo County.

With urgency,
Jason Wong — San Mateo, CA 94402

Subject: From SAN JOSE: don't wait for the next death on the Hwy 35/84/9 corridor — a constituent request

You don't often get email from velofit@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Although I am not a local resident, I am a long-time Bay Area cyclist who used to regularly ride the Skyline Boulevard corridor through La Honda and Woodside. It was once one of the premier cycling destinations in the region—a quiet, scenic escape from the hustle and bustle of the valley floor, where athletes and outdoor enthusiasts could recreate safely.

Over the last several years, however, aggressive driving, excessive vehicle speeds, and unsafe passing have fundamentally ruined that experience. About five years ago, after too many close calls, I made the conscious decision to stop riding on Skyline altogether. The environment simply feels too dangerous, and the recent rash of preventable bicyclist fatalities only confirms that reality. The lack of meaningful speed enforcement or infrastructure adjustments gives the impression that public safety on these rural

corridors has been completely neglected.

This decline in safety impacts more than just local residents and riders—it directly affects the local economy. When our cycling group rode Skyline, we routinely stopped to support local businesses, whether grabbing food at Alice's Restaurant or stopping at stops along the route down to the coast. Now, because many of us no longer feel safe riding there, those businesses are losing out on a dedicated community of patrons.

The community and visitors who enjoy the natural beauty of the Santa Cruz Mountains deserve roads that are safe for everyone—cyclists, pedestrians, drivers, and residents alike. I strongly support taking immediate action to reduce speeds, increase traffic enforcement, and implement safety measures along Skyline Boulevard.

Jamii North

Subject: A request from La Honda: stop the deaths on the 35–84–9 mountain roads — please act

[You don't often get email from lizchapman@coastside.net. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

This has been a known problem for so long, and even with the great notion of a traffic panel in the last couple years the solution on offer seems to be that we residents call the sheriff's dispatcher when we see dangerous driving and endure the stupidly loud motorcycles and car clubs so that they can create a log of the problem? Seems like the death toll might be log enough to indicate the need for road redesign (it currently encourages speeding everywhere) and enforcement (no one speeds along lower 84 with Woodside's jurisdiction because we all know people who've been ticketed there). I can count ten deaths in cars, on bikes, and on motorcycles on west 84 off the top of my head in 10 seconds in a handful of years--that can't be the new normal, surely?

Signed,
Liz Chapman — La Honda

Subject: One more voice: safer crossings and real enforcement on the 35–84–9 mountain roads

You don't often get email from jsperryusa@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I'm an avid cyclist. 20+ years ago, I used to ride Skyline and Hwy 9 several times a month. Fairly regularly, I saw cars and motorbikes recklessly speeding/driving. Now, that happens too frequently. Nothing substantial has been done to stop it (ever). Periodic speed traps probably raise revenue, but they aren't consistent enough to make a difference, so it's just become worse.

I don't ride those roads anymore because you're just a second from someone's reckless idiocy from being maimed or dead. Please invest in real enforcement and safety precautions so that all vehicles can share these roads.

In earnest,
Jeff Perry — Sunnyvale

While cyclists have the same rights as motorists by law, this doesn't mean that motorists stay alert for cyclists the way they do for cars. We can't rely on the theoretical protection of the law to keep is safe. These measures would add practical protection to increase safety for people using these roads. In earnest, Adam Petty — East Palo Alto adam.m.petty@gmail.com I'm writing as one of the signers of the Safe Corridor petition (Hwy 35, 84 and 9). Crash data, an interactive map, and the segment-by-segment fixes: <https://safecorridorinitiative.com>

Subject: To your office: a safety corridor for our mountain highways (35, 84, 9)

You don't often get email from kstatesburke@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I'm a cyclist and Woodside resident. I never ride on Skyline, fearing for my life, and I'm outraged at the total lack of policing and traffic interventions. It is as if we are advertising a free race track for car clubs, motorcyclists, and aggressive drivers. A concerted effort by citizens and state and county agencies can solve this problem, save lives, and restore this corridor for use by the public!

Signed,
Katherine S Burke — Woodside
kstatesburke@gmail.com

My name is on the Safe Corridor petition for Highways 35, 84 and 9.

Subject: Constituent petition — the roads to the coast (35/84/9) need a safety corridor now — my name is on it

[You don't often get email from jeslie@earthlink.net. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I've been fortunate: in almost 30 years on these roads I've not hit or been hit by anyone (deer are another matter). Big I've seen a driver pass flashing hazard lights and run over an injured live deer that was on Highway 9. There are folks who drive too fast or carelessly on these roads.

Thank you,
Jeslie Chermak — Saratoga

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Hello,

I live off Highway 84 on Williams Ranch Road and drive this corridor every day. As a parent of young children, I am genuinely afraid for our safety, especially on weekends when speeding cars and motorcycles race through the area. The reckless driving has become so common that I often avoid leaving my home on weekends because I don't feel safe bringing my children onto Highway 84.

No family should have to plan their lives around avoiding a public road out of fear. This isn't just an inconvenience—it's a daily safety concern for those of us who live here. I strongly urge you to take meaningful action to make Highway 84 safer before more lives are lost.

Thank you,

Monica Williams -Woodside

I'm one of the neighbors signing the Safe Corridor petition for Hwy 35, 84 and 9.

Subject: A preventable death toll on Hwy 35/84/9

[You don't often get email from dgallen81@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I have lived on Skylonda Drive for 40 years. The intersection of 84 and 34 is visible from my house, it's literally my back yard. The racing, doughnuts, beyond loud exhaust noise is unbearable. I understand a four way stop sign in the intersection is planned. Please reconsider! This will just back up traffic both ways, cars will still run the stop signs and let's be honest bicyclists hardly ever stop at stop signs. And to top it off cars are parking on 35 in both directions to go to Alice's. There should be no parking on 35. I've witnessed many times cars making illegal u turns on the blind corner, an accident waiting to happen. Please consider a round about with speed bumps. It will slow down traffic, keep the flow of traffic moving, and prevent a lot of serious accidents. The current noise is so bad I can't even be outside. The night time racing is beyond control. Please do something to keep our neighborhood safe.

Thank you,
Donna Allen — Skylonda
dgallen81@gmail.com

I've added my name to the Safe Corridor petition for Highways 35, 84 and 9.

Subject: RE: Reimagine Dumbarton Study - Letter from Atherton

Dear Mr. Gallagher:

As I mentioned to you in our last email, we are working to understand whether SB 79 even applies to our project based on the timing of our planned development.

We have since talked with MTC as well as Senator Wiener's office (who authored the legislation). Based on feedback from Sen. Wiener's office, SB 79 **does not and will not apply** to the Dumbarton project.

If a Tier 2 (BRT) stop/station was not identified in the regional transportation plan (RTP / Plan Bay Area) prior to January 1, 2026, then the Tier 2 stop/station would never qualify as an SB 79 stop/station. It does not matter if the stop/station is ultimately identified in an RTP and constructed. Only Tier 1 stops/stations would be triggered under that scenario.

Please feel free to contact Jessica Epstein on my team if you have any questions. She is copied in the email. Thank you!

Regards,
April

+ Marie Chuang with the correct email address copied here.

Dear Mr. Gallagher:

Thank you for reaching out. We definitely would like to meet to discuss where we are in alignment.

We have already raised with Senator Becker that SB79 triggers really early in the project development process, and we agree it is concerning.

We are working to understand whether SB 79 even applies to our project today based on the timing of our planned development. This is a conversation we are also having with MTC.

Once we have that worked out, we would be happy to sit and talk about next steps and the potential for a clean-up bill.

I would like to connect you and City Clerk Anthony Suber with Jessica Epstein, our Government and Community Affairs Director, for next steps.

Regards,
April

Good afternoon, SamTrans and SMCTA Board of Directors.

Attached to this email is a formal letter from the Atherton City Council concerning the Reimagine Dumbarton Study.

A paper copy of this letter has been sent in the mail as well.

If you have any questions or concerns for Atherton City Council, please do not hesitate to reach out to me or City Clerk Anthony Suber.

Subject: Fund the safety fixes Highways 35, 84 and 9 need

You don't often get email from scottstover@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

We need action. I applaud this effort to get momentum and funding for safety improvements on Highway 35, 84, 9. I've biked these highways but never felt too safe. I have friends and teammates who ride up there regularly, and I am concerned for their safety. We have had too many deaths (cyclists, and drivers).

Please help,
Scott Stover

Palo Alto resident

I am the Belmont Local Team Lead for the Silicon Valley Bike Coalition. I am a volunteer speaking only for myself and not for the SVBC.

Folks, everyone deserves to enjoy the incredible beauty of the Santa Cruz Mountains. The experience is 10x better enjoyed while cycling compared to driving through at 50+mph. We have to stop the traffic violence that scares so many cyclists away from these roads. And we have to change opinions that cyclists deserve to ride on these roads. Just check the toxic nonsense on NextDoor and social media telling cyclists they do not belong here.

Respectfully,

Giuliano Carlini — Belmont
giuliano@carlini.com

I'm writing as one of the signers of the Safe Corridor petition (Hwy 35, 84 and 9).

Not only have my husband and myself narrowly escaped being crashed into by racers, been delayed many hours by racers that have crashed; many times they have started fires. We had a racer crash right at our road (Heater Hts), crashed through our post and started a fire. Heather Hts has only one way out and this racer blocked us and started a fire! We try not to leave the house on the weekends because the racers make it so unsafe.

Subject: Adding my name: make Hwy 35/84/9 a safety corridor — before the next one

[You don't often get email from jwpoelmann@icloud.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Dear Representatives,

As residents living near the intersection of Highway 9 and Highway 35 (Heather Heights Road), we are writing to voice our urgent safety concerns regarding this corridor. Our family of five relies on three vehicles for daily commutes to work and school, and we witness dangerous conditions on a regular basis.

The reckless speeding and illegal racing on Highway 9 have turned our public roadway into a dangerous racetrack. This is not an abstract concern; it is a daily threat to our lives. Our family recently experienced the trauma of a head-on collision when an illegal street racer lost control around a curve and crossed completely into our lane, striking one of our children. Fortunately he survived, with only a broken ankle. Furthermore, we frequently witness both severe and fatal accidents at Hwy9. The danger is so severe that several of our neighbors now feel too unsafe to leave their homes.

It is deeply concerning that simple, proactive safety adjustments have not yet been implemented after so many years of (fatal) accidents. With straightforward engineering and enforcement fixes—such as clear signage, speed-calming measures, and physical barriers—innocent lives can be saved

Public roads must be safe for everyone. We strongly endorse the "Safe Corridor Initiative" and expect to see immediate attention, funding, and execution dedicated to this vital project.

We look forward to your prompt response regarding the specific timelines for these safety improvements.

Sincerely,

Jan Willem

Subject: One more voice: designate Hwy 35/84/9 a safety corridor — my name is on it

You don't often get email from karen.poelmann@mac.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I live on Heather Heights Road, and I witness dangerous driving and serious accidents on Highway 9 far too often. It has become a constant concern for everyone who lives in this area.

In 2021, our son was involved in a devastating head-on collision on Highway 9. Another driver entered a curve at approximately 55 mph, lost control, crossed into the opposite lane, and struck our son's vehicle head-on. He suffered injuries and was deeply traumatized. For a long time afterward, he was afraid to get back into a car, and driving on Highway 9 became especially difficult for him.

Our family drives this road with great caution, yet we are regularly confronted by drivers who treat it like a racetrack. Speeding and reckless driving are especially common on weekends, putting responsible drivers, cyclists, motorcyclists, and residents at unnecessary risk.

I sincerely hope that meaningful safety improvements will be made before another family experiences what ours did. We cannot prevent every accident, but we can take steps to make this road safer.

Thank you for your time and for supporting efforts to improve safety on Highway 9.

Respectfully,

Karen Poelmann

Subject: The roads to the coast (35/84/9) need a safety corridor now

[You don't often get email from tanaliana@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I live on Hwy 9, off of Heather Heights Rd, and I have experienced many near misses with racers passing me on blind curves and across double yellow lines. Weekend days and Friday and Saturday nights are particularly dangerous and I try not to drive on the road then. We've stopped inviting people over because I am afraid for their safety driving on Hwy 9. We need more enforcement and higher penalties for speeding violations.

With urgency,
Tana Korosec — Saratoga
Tanaliana@gmail.com

I live on Skyline Blvd about a half-mile south of the Highways 84/35 junction and observe unsafe driving pretty much every day, have had to call 911 on more than one occasion, and experienced road closures due to fatal accidents on numerous occasions, including on a day when I had to divert to Hwy 92 on my commute to SF and my car was totaled at that intersection by a distracted driver going full speed ahead into the rear end of my car.

Subject: Safer crossings and real enforcement on the Hwy 35/84/9 corridor — a constituent request

You don't often get email from pietcanin@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

Dear Traffic Safety Leader & Stakeholder,

I'm an avid bicyclist -- for transportation, recreation, and health -- who has been riding a bike for some 50 years. I'm a League of American Bicyclist certified safety instructor, I've managed bike safety trainings for some 5,000 adults and youth as a bike program director. Bicycling is a healthy, sustainable, social, and fun activity which shouldn't require anyone to risk their life to ride on the roads of the Santa Cruz Mountains because of inattentive, impaired, careless or speeding motorists!

Lawless and reckless drivers make the mountain roads dangerous for residents, walkers, motorcyclists, bicyclists, other motorists, and any other road user. Please take strong and immediate actions to prevent another crash resulting in severe injury or death. As the traffic crash data shows over 5 years, there is a high number of deaths (26) - one death is too many!- and injuries (1,080) on these state routes.

Jakub Solovsky, 34 years old, is dead because someone driving a sports car appears to have lost control of their car due to speeding. Please send a message to motorists driving on routes 35, 84, 9 and other mountain roads to stop speeding, be attentive, careful and respectful of other road users. These mountain roads are some of the best for accessing state and regional open spaces and parks, for getting to the beach, for bicycling, for being immersed in the redwoods. They are a public asset. These beautiful public country roads should be enjoyed by all without fear of not coming home. Thank you for your attention to this dire issue.

Signed,
Piet Canin — Palo Alto

Subject: Adding my name: fix the deadly curves on Hwy 35/84/9 — before the next one

[You don't often get email from richardpatrone@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I have lived on Skyline Blvd for 28 years. The last five have been particularly horrendous - the speeding, races and noise have become unbearable. I can no longer bike or walk on Skyline for fear of my life. It is imperative that the suggestions for Skyline and 84 be implemented immediately to prevent any more injuries and deaths. Start the process now!

In earnest,
Richard Patrone — Woodside
richardpatrone@gmail.com

I signed the Safe Corridor petition for Highways 35, 84 and 9.

Subject: Corridor memorial: someone to remember

You don't often get email from mcreynolds.cris@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

WHY YOU' RE RECEIVING THIS

If you knew someone killed on Highways 35, 84, or 9, tell us who they were so they can be remembered on this page.

WHAT I WANT TO SAY

Their name:

Pedro

Roughly when, and where on the corridor:

April 16, 2016 2.1 miles west of Skyline Blvd on Highway 84. Intersection with Williams Ranch Road.

Who they were:

According to friends who came to set up a roadside memorial, Pedro was a young man from

the Central Valley who got a new motorcycle and who was anxious to try it out. He had not ridden on Highway 84 before but considered it a challenge.

What happened, if you know:

Traveling east on 84, the motorcycle was too much for him and he lost control, skidding across the center line and into and under a car traveling west. The car was driven by an elderly couple who were taking their granddaughter for a day at the beach. The couple sat there for several hours after the incident, stunned by what they had inadvertently been involved in.

Your name and relationship:

Cris and Pam McReynolds, Owners of Williams Ranch. The accident occurred at the base of our driveway, closing our road for several hours. We can see Pedro's memorial every time we go in and out of our road.

I have lived along Highway 84 for nearly 50 years, in La Honda and in Woodside, west of Skyline. My wife Pam has lived here all her life. There have always been folks that drive too fast on our roads, but as a member of the La Honda Fire Bridge in the 80's and 90's, our calls were primarily medical aids, fallen trees and power lines, and the occasional chimney fire. In the nearly 10 years I served, I think there were two fatalities due to vehicle crashes. Since the pandemic, during which the coastside was "discovered", the number of visitors to the area has increased significantly, especially on weekends. Hikers, bicyclists, and coastbound tourists are here in huge numbers. The roads are congested with bikes, motorcycles, and cars (moving as well as parked along recreational access points). And we're also seeing numerous high speed "rallies" of often dozens of high performance cars and motorcycles, from early mornings to late at night. These rallies are in some cases organized over social media directed to "motor enthusiasts" who are here for more than just a pleasant drive through the redwoods. They are here for competition, to achieve personal bests, and they consider other folks on the road, including those of us who live here, to be obstacles. They tailgate just feet behind us, pass on blind turns, and endanger everyone, not just themselves. We locals appreciate that we live in a little slice of heaven, and we're happy to see others

enjoying and respecting it with us, but those who do not respect it and who endanger all of us need to be held accountable, with penalties sufficient to act as a deterrent to such anti-social behavior.

Thank you.

Pam and Cris McReynolds

Subject: From San Mateo: stop the deaths on our mountain highways (35, 84, 9)

[You don't often get email from matthew@ringcal.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I drive, ride my bike, and run along these roads frequently and want to prioritize building a shoulder to allow safe passing.

In earnest,
Matthew Ring — San Mateo

My name is on the Safe Corridor petition for Highways 35, 84 and 9.

The record, the map, and what we're asking to be built:

<https://gcc02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fsafecorridorinitiative.com%2F&data=05%7C02%7Cpubliccomment%40smcta.com%7C7b2b19b8c91a04271df2b08def25d15e3%7C1a34d2f711e24a45b4cd47ceeb1d21be%7C0%7C0%7C639214678956603922%7CUnknown%7CTWFPbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiBhVjE4MDAwMCIsIlAiOiJXaW4zMtIklFOlJoiTWFpbiCisldUljoyfQ%3D%3D%7C40000%7C%7C%7C&sdata=ocR08%2FSwJ0gVtcDI8H%2BgWEdq6Gg2Xh1aZ5zjVN9TTik%3D&reserved=0>

Subject: Fix the deadly curves on our mountain highways (35, 84, 9)

You don't often get email from jco.jessoneill@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I regularly ride these roads and value them as access routes to the Peninsula's open spaces and coast. Too often, however, speeding, unsafe passing and drivers carrying excessive speed into blind curves make them feel needlessly dangerous—especially for cyclists, hikers and equestrians with little protection.

The collision record shows that this is a persistent, identifiable problem, not a series of isolated incidents. I urge Caltrans, local governments and law-enforcement agencies to formally designate Highways 35, 84 and 9 as a safety corridor, fund targeted weekend enforcement now, and move quickly toward permanent engineering improvements such as safer crossings, shoulders, speed management and curve treatments. These roads should be safe for everyone who uses them.

Respectfully,
Jessica O'Neill

I'm one of the signers of the Safe Corridor petition for Highways 35, 84 and 9.

Subject: From Oakland: make Skyline, La Honda Rd & Hwy 9 a safety corridor

You don't often get email from laura.schniedwind@gmail.com. [Learn why this is important](#)

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I cycle on this corridor and safety is important to me. I live in Oakland but my parents live in Palo Alto and I cycle in this area frequently, and Skyline has always been a scary place to ride because of the cars, motorcycles, and design of the road.

With urgency,
Laura Schniedwind — Oakland
laura.schniedwind@gmail.com

My name is on the Safe Corridor petition for Highways 35, 84 and 9.

The man I was planning to spend the rest of my life with suffered a severe head injury on his motorcycle on Hwy. 84 in a hit-and-run. He survived but never recovered; he was in his early 40's but the accident made him an old man.

Thank you,
Janet Herringshaw — Pescadero
jherringshaw@earthlink.net

I'm writing as one of the signers of the Safe Corridor petition (Hwy 35, 84 and 9).

Subject: Stop the deaths on Hwy 35/84/9 — my name is on it

[You don't often get email from t-rank@comcast.net. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

I am an avid cyclist, using my bike as a primary form of transportation and for recreation. I want to enjoy the great outdoors without fear for my life.

I want to see drivers who violate traffic laws held accountable for their actions. Time and time again, a driver kills a non-motorist and seemingly walk away to a normal life. Harsh penalties should be levied - perhaps revoking the privilege of driving for 10+ years, depending on the offense.

Thank you for your efforts in working to make streets safe for all road users and reducing traffic violence.

Respectfully,
Tyler Rankin — San Bruno

I signed the Safe Corridor petition for Highways 35, 84 and 9.

The petition and the evidence behind it:

To our dedicated public servants and government representatives: as a local resident, I urge you to make the Skylonda Area more safe for everyone involved. Month after month, year after year, people die in our neighborhood. It feels frustratingly preventable yet also inevitable given the lack of action by those who can make meaningful changes to safety in the area. Please - we don't want to lose another life to poor infrastructure and lack of enforcement. Help us keep our neighborhood safe for residents and visitors alike. Thank you!

Respectfully,
linda furness — Redwood City/unicorporated SMC lindafurness@gmail.com

I'm one of the neighbors signing the Safe Corridor petition for Hwy 35, 84 and 9.

Subject: One more voice: fix the deadly curves on Skyline, La Honda Rd & Hwy 9 — before the next one
Date: Wednesday, August 5, 2026 10:02:24 AM

You don't often get email from paul.hogan2292@gmail.com. [Learn why this is important](#)

I drive and ride my bike along the CA-35 corridor, and from first-hand experience riding I feel these safety improvements are sorely needed. I had a very close call when I had not one, but two vehicles pass me on my bike at the same time (one of which was using the opposite lane to pass another vehicle as it passed us). Having a car doing over 60mph within a few feet of my left elbow is not an experience I care to repeat. Ever since then, I have avoided riding my bike on Skyline whenever possible since I genuinely fear for my life. Why isn't local law enforcement doing more to enforce safe speed limits? Why do we prioritize the desires of a few reckless drivers in fancy sports cars over the rest of us just trying to enjoy the beautiful drive?

Signed,
Paul Hogan — San Francisco

Please count me among the signers of the Safe Corridor petition for Hwy 35, 84 and 9.

I used to go up to skyline every weekend on my bicycle. I don't do it anymore as it doesn't feel safe. Going up hw9 is scary and riding on skyline is a Russian roulette

In earnest,
Yuval Joseph — SUNNYVALE

Subject: Designate our mountain highways (35, 84, 9) a safety corridor — please act!

[You don't often get email from jason.roesslein@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders.

The hostility leading to death against non-car users on these scenic byways needs to be remedied. Vehicle traffic culture needs to be curtailed for the sanctity of this mountainous region. Additionally, the race car culture that is taking over these roadways requires additional remediation. Cyclist, pedestrians, hikers, equestrian, and other non-car users have a right to safety on these public usages. Vehicles need to safely travel them. There is no hurry in the hills. And no one has the right to race our roads.

Signed,
Jason Roesslein — Portola Valley
jason.roesslein@gmail.com

I'm among the residents who signed the Safe Corridor petition for these three highways.

I love to enjoy the open space preserves along Skyline, and I often go through the 84-35 junction on my way to El Corte de Madera OSP. Please designate this a safety corridor, fund and build the complete-street fixes, and put enforcement out now. Everyone should be able to enjoy the mountains of our home without risking their own life.

Thank you,
Brian Jones — Los Altos
[brian.b.jones@gmail.com](#)

My name is on the Safe Corridor petition for Highways 35, 84 and 9.

As a 35 year La Honda resident and cyclist who has ridden the local roads almost daily for the entire time it is clear that this initiative is badly needed. It has overwhelming support in the community. Please help all of us, both those who reside here and who visit, to improve the safety of our roads.

Signed,
Harlan Chapman — La Honda
rs21592@gmail.com

I'm one of the neighbors signing the Safe Corridor petition for Hwy 35, 84 and 9. Crash data, an interactive map, and the segment-by-segment fixes:
